EXPLANATORY STATEMENT IN RESPECT OF THE SPECIAL BUSINESS PURSUANT TO SECTION 102 (1) OF THE COMPANIES ACT, 2013**ITEM NO. 3**

M/s B S R & Co. LLP, Chartered Accountants, Mumbai were appointed as Statutory Auditors of the Bank by the Members at the Seventeenth Annual General Meeting (AGM) of the Bank held on July 15, 2011 and will be completing their term of four years from the date of first appointment at the conclusion of this AGM.

As per the regulations of the Reserve Bank of India, the Auditors cannot be re-appointed for a period beyond four years. Accordingly, it is proposed to appoint M/s Price Waterhouse Chartered Accountants LLP, Mumbai (Firm Regn. No. 012754N/N500016) as the Statutory Auditors of the Bank to hold office from the conclusion of this Annual General Meeting till the conclusion of next Annual General Meeting of the Bank.

M/s Price Waterhouse Chartered Accountants LLP, Mumbai (Firm Regn. No. 012754N/N500016) have confirmed that their appointment, if made, would be within the limits specified under Section 141 of the Companies Act, 2013 and that they are not disqualified from being appointed as Statutory Auditors of the Bank in terms of the applicable provisions of the Act and the Companies (Audit and Auditors) Rules, 2014. Further, their appointment has been approved by the Reserve Bank of India.

The Board of Directors recommend the appointment of M/s Price Waterhouse Chartered Accountants LLP, Mumbai (Firm Regn. No. 012754N/N500016) as the Statutory Auditors of the Bank for Financial Year 2015-16.

None of the Directors, Key Managerial Personnel and their relatives are interested in the Resolution set out at Item No. 3.

ITEM NO. 4

Mr. R. Seshasayee was last re-appointed "Part-time Non-executive Chairman" of the Bank on July 24, 2013 for a period of two years. Mr. Seshasayee's tenure accordingly concludes on July 23, 2015. The Board of Directors had, in their meeting held on March 30, 2015, approved the re-appointment of Mr. Seshasayee as "Part-time Non-executive Chairman" of the Bank, for a further period of two years, with effect from July 24, 2015. Reserve Bank of India have since conveyed their approval for re-appointment of Mr. R. Seshasayee for a further period of two years.

Members are requested to consider Mr. Seshasayee's re-appointment as Part-time Non-executive Chairman of the Bank, for a further period of two years w.e.f. July 24, 2015.

Detailed profile of Mr. R. Seshasayee including Directorship and Committee positions held by him in other companies is provided separately in the Report on Corporate Governance forming part of the Annual Report.

The Board recommends the Resolution set out at Item No. 4 of the accompanying Notice to be passed as Ordinary Resolution by the Members.

No Director other than Mr. R. Seshasayee, Key Managerial Personnel and their relatives are interested in the Resolution set out at Item No. 4.

ITEM NO. 5

Accordingly, the shareholders of the Bank had, in the 19th Annual General Meeting held on June 28, 2013, approved the re-appointment of Mr. Romesh Sobti for a period of three years.

Reserve Bank of India (RBI) had, however, vide their letter dated January 27, 2014, conveyed approval for the re-appointment of Mr. Romesh Sobti as Managing Director and CEO, for a period of one year, viz., from February 1, 2014 to January 31, 2015.

In view of the revision in RBI guidelines, the Board of Directors had, in their meeting held on October 13, 2014, approved the re-appointment of Mr. Romesh Sobti as Managing Director & CEO of the Bank for a period of three years with effect from February 1, 2015, subject to approval of the shareholders. RBI have since conveyed their approval for re-appointment of Mr. Romesh Sobti with effect from February 1, 2015 until January 31, 2018.

Members are requested to consider Mr. Sobti's re-appointment as Managing Director & CEO of the Bank, for a further period of three years, with effect from February 1, 2015.

The Board recommends the Resolution set out at Item No. 5 of the accompanying Notice to be passed as Ordinary Resolution by the Members.

No Director other than Mr. Romesh Sobti, Key Managerial Personnel and their relatives are interested in the Resolution set out at Item No. 5.

ITEM NO. 6

In terms of the requirements of the Companies Act, 2013, approval of the Members had been obtained in the Annual General Meeting of the Bank held on June 27, 2014, for appointment of Mrs. Kanchan Chitale (DIN 00007267) as 'Independent Director' and fixing of her term for four years with effect from the original date of her appointment, viz., October 18, 2011. Accordingly, Mrs. Chitale's term as 'Independent Director' concludes on October 17, 2015.

The Board of Directors had, in their meeting held on May 22, 2015, approved the appointment of Mrs. Chitale as 'Independent Non-Executive Director' for another term of four years with effect from October 18, 2015, subject to approval of the Members at the General Meeting by passing of a Special Resolution.

Mrs. Kanchan Chitale fulfils the criteria of independence specified under the Companies Act.

In terms of Section 149(10) of the Act, an Independent Director shall hold office for a term of up to five consecutive years, but shall be eligible for re-appointment on passing of a Special Resolution by the company and disclosure of such appointment in the Board's Report.

Detailed profile of Mrs. Kanchan Chitale, including Directorships and Committee positions held by her in other companies is provided separately in the Report on Corporate Governance forming part of the Annual Report.

The Board recommends the Resolution set out at Item No. 6 of the accompanying Notice to be passed as a Special Resolution by the Members.

No Director other than Mrs. Kanchan Chitale, Key Managerial Personnel and their relatives are interested in the Resolution set out at Item No. 6.

ITEM NO. 7

In terms of requirements of the Companies Act, 2013, approval of the Members had been obtained in the Annual General Meeting of the Bank held on June 27, 2014, for appointment of Mr. Vijay Vaid (DIN 00219709) as 'Independent Director' and fixing of his term, for four years, with effect from the original date of his appointment, i.e., October 18, 2011. Accordingly, Mr. Vaid's term as 'Independent Director' concludes on October 17, 2015.

The Board of Directors had, in their meeting held on May 22, 2015, approved the appointment of Mr. Vijay Vaid as 'Independent Non-Executive Director' for another term with effect from October 18, 2015, up to February 3, 2018, i.e., the date of his attaining the age of 70 years, being the maximum permissible age limit for a Director, subject to approval of the Members at the General Meeting by passing of a Special Resolution.

Mr. Vijay Vaid fulfils the criteria of independence specified under the Companies Act, 2013.

In terms of Section 149(10) of the Act, an Independent Director shall hold office for a term of up to five consecutive years, but shall be eligible for re-appointment on passing of a Special Resolution by the company and disclosure of such appointment in the Board's Report.

Detailed profile of Mr. Vijay Vaid, including Directorships and Committee positions held by him, in other companies, is provided separately in the Report on Corporate Governance forming part of the Annual Report.

The Board recommends the Resolution set out at Item No. 7 of the accompanying Notice to be passed as a Special Resolution by the Members.

No Director other than Mr. Vijay Vaid, Key Managerial Personnel and their relatives are interested in the Resolution set out at Item No. 7.

ITEM NO. 8

Mr. T. Anantha Narayanan (DIN 00007227) was appointed as 'Independent Director' by the shareholders in the Annual General Meeting (AGM) of the Bank held on June 27, 2014 to hold office up to April 8, 2015, up to his attaining the age of 70 years, i.e., the maximum permissible age limit for a Director prescribed by RBI.

The Board of Directors had, in their meeting held on January 13, 2015, decided that the association of Mr. Anantha Narayanan with the Bank is desirable and considered as necessary at this stage. The Board made a recommendation to make a reference to RBI for continuance of Mr. Anantha Narayanan on the Board of the Bank beyond the date of his last appointment, i.e., June 27, 2014 (date of the last AGM).

Reserve Bank of India have, approved continuance of Mr. T. Anantha Narayanan as 'Independent Non-Executive Director' for a period of four years, with effect from June 24, 2014.

Accordingly, Mr. T. Anantha Narayanan was appointed by the Board as 'Additional Director' with effect from April 9, 2015, in terms of Section 161 (1) of the Companies Act, 2013, in the category of 'Independent Non-Executive' and is continuing as Independent Director. In terms of the aforesaid Section of the Companies Act, 2013, an Additional Director shall hold office up to the date of the next AGM and be eligible for appointment to the office of a Director at any General Meeting in terms of Section 160 of the Companies Act, 2013.

In order to ensure compliance with the provisions of Sections 149 and 152 of the Companies Act, 2013 read with the Rules made thereunder and Schedule IV of the Act, approval of the shareholders for the appointment of Mr. T. Anantha Narayanan as 'Independent Director' is requested for a term as approved by the Reserve Bank of India i.e. up to June 23, 2018, by passing of a Special Resolution.

Mr. T. Anantha Narayanan fulfils the criteria of independence specified under the Companies Act, 2013.

The Bank has received Notice alongwith the requisite deposit from a Member of the Bank proposing the candidature of Mr. Anantha Narayanan as required under Section 160 of the Companies Act, 2013.

Detailed profile of Mr. T. Anantha Narayanan including Directorships and Committee positions held by him in other companies is provided separately in the Report on Corporate Governance forming part of the Annual Report.

The Board recommends the Resolution set out at Item No. 8 of the accompanying Notice to be passed as a Special Resolution by the Members.

No Director other than Mr. T. Anantha Narayanan, Key Managerial Personnel and their relatives are interested in the Resolution set out at Item No. 8.

ITEM NO. 9

In terms of Section 161 of the Companies Act, 2013, an Additional Director shall hold office up to the date of the next AGM and be eligible for appointment to the office of a Director at a General Meeting in terms of Section 160 of the Companies Act, 2013.

Mr. Ranbir S. Butola fulfils the criteria of independence specified under the Companies Act, 2013.

The Bank has received Notice alongwith the requisite deposit from a Member of the Bank proposing the candidature of Mr. Ranbir S. Butola as required under Section 160 of the Companies Act, 2013.

Detailed profile of Mr. Ranbir S. Butola including Directorships and Committee positions held by him in other companies is provided separately in the Report on Corporate Governance forming part of the Annual Report.

The Board recommends the Resolution set out at Item No. 9 of the accompanying Notice for appointment of Mr. Ranbir S. Butola as 'Independent Director' of the Bank, for a term of four years, i.e., up to January 12, 2019, to be passed as an Ordinary Resolution by the Members.

No Director other than Mr. Ranbir S. Butola, Key Managerial Personnel and their relatives are or interested in the Resolution set out at Item No. 9.

ITEM NO. 10

Mr. Yashodhan M. Kale was appointed as 'Additional Director' in the category of 'Non-executive' in the meeting of the Board of Directors held on April 16, 2015. In terms of Section 161 of the Companies Act, 2013, an Additional Director shall hold office up to the date of the next AGM and be eligible for appointment to the office of Director at the General Meeting in terms of Section 160 of the Companies Act, 2013.

The Bank has received Notice along with a requisite deposit from a Member of the Bank proposing the candidature of Mr. Yashodhan M. Kale as required under Section 160 of the Companies Act, 2013.

Detailed profile of Mr. Yashodhan M. Kale including Directorships and Committee positions held by him in other companies is provided separately in the Report on Corporate Governance forming part of the Annual Report.

The Board recommends the Resolution set out at Item No. 10 of the accompanying Notice to be passed as an Ordinary Resolution by the Members.

No Director other than Mr. Yashodhan M. Kale, Key Managerial Personnel and their relatives are interested in the Resolution set out at Item No. 10.

ITEM NOS. 11 and 12

The present Authorized Capital of the Bank is ₹ 600 crores, out of which ₹ 531.19 crores is paid up as on date.

In order to enable the Bank to raise additional long term resources by issue of Equity Shares in the domestic / international markets, the existing Authorised Share Capital may not be sufficient for the purpose. It is therefore considered necessary to increase the Authorised Share Capital of the Bank to ₹ 700 crores from the existing level of ₹ 600 crores, with the consequential alterations in the Capital Clause of the Memorandum of Association as also in the Articles of Association of the Bank as set out at Item Nos. 11 and 12 of the Notice.

Section 12 of the Banking Regulation Act, 1949, necessitates obtaining prior approval of Reserve Bank of India for carrying out any amendments to the Memorandum of Association.

The provisions of the Companies Act, 2013 require seeking approval of the Members for increase in the Authorised Share Capital and for the alteration of Capital Clause of the Memorandum of Association and the Articles of Association of the Bank.

The Board recommends the Resolutions set out at Item Nos. 11 & 12 of the accompanying Notice, to be passed as Special Resolutions by the Members.

The Promoters, Directors and Key Managerial Personnel of the Bank or their relatives are deemed to be interested in the proposed Resolution to the extent of their shareholding in the Bank.

ITEM NO. 13

In terms of Section 180 (1) (c) of the Companies Act, 2013, which corresponds to Section 293(1)(d) of the Companies Act, 1956 read with relevant provisions of the Articles of Association of the Bank, borrowings by the Bank (apart from the deposits accepted in the ordinary course of business by the Bank, temporary loans repayable on demand or within six months from the date of the loan, and temporary loans, if any, obtained from the bankers, other than loans raised for the purpose of financing expenditure of a capital nature) in excess of the paid-up capital of the Bank and its free reserves, require the approval of the Members by way of Special Resolution.

Until date, the Bank has been borrowing funds to meet the business requirements with the consent of the Board of Directors, within the overall limit prescribed under the Companies Act, 2013, by way of issuance of various debt securities (Bonds / Debentures) as permitted by Reserve Bank of India and in accordance with the provisions of Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008, as amended, and as permitted under any other applicable laws, from time to time.

Considering the fact that the size of the Balance Sheet and Net worth of the Bank have increased significantly in the last five years and substantial growth in business and operations of the Bank, present and future requirements of capital augmentation for expansion, it is proposed to obtain approval of the Members by way of a Special Resolution in terms of Section 180 (1)(c) of the Companies Act, 2013, total amount of such borrowings outstanding at any time shall not exceed ₹ 35,000 crores (Rupees Thirty-five thousand crores only), notwithstanding that the monies to be borrowed along with the monies already borrowed by the Bank (including temporary loans, if any, obtained for the purpose of financing expenditure of a capital nature) will exceed the aggregate of the paid up share capital of the Bank and its free reserves.

The Bank shall endeavor to maintain a capital structure which would be consistent with its cash flows while optimizing the cost of capital. The Bank shall ensure that the debt equity ratio is within prudent limits.

The Board recommends the passing of the Resolution set out at Item No. 13 of the accompanying Notice as a Special Resolution.

None of the Directors, Key Managerial Personnel and their relatives are interested in the Resolution set out at Item No. 13.

ITEM NO. 14

Section 42 of the Companies Act, 2013 read with Rule 14 of the Companies (Prospectus and Allotment of Securities) Rules, 2014, provides that a company can make private placement of securities subject to the condition that the proposed offer of securities or invitation to subscribe to securities has been previously approved by the shareholders of the company, by means of a Special Resolution, for each of the offers or invitations. In case of offer or invitations for non-convertible debentures, it shall be sufficient if the company passes Special Resolution only once in a year for all the offers or invitations for such debentures on a private placement basis during the year.

The Bank may need to raise additional funds to meet the needs of its growing business requirements including long term capital for pursuing its growth plans. The Bank may also wish to maintain the desired CRAR by issuing Tier 1 and Tier 2 debt instruments and / or other debt instruments.

The Bank has already obtained the approval of Members by way of Postal Ballot on March 27, 2015, for borrowing / raising funds by issuance of debt instruments including but not limited to Non-Convertible Debentures, Bonds (including Bonds forming part of Tier 1 / Tier 2 Capital in accordance with Basel III Capital Regulations prescribed by RBI, Long Term Infrastructure Bonds or such other Bonds as may be permitted by RBI from time to time), up to ₹ 2,000 crores (Rupees Two thousand crores only), in domestic market, on Private Placement basis, in one or more tranches and such approval is valid for a period of one year, i.e., up to March 26, 2016. Pursuant to this, the Bank has raised an amount of ₹ 500 crores (Rupees Five hundred crores only) by way of issue of Senior Unsecured Redeemable Long Term Bonds in the nature of Non-Convertible Debentures to identified parties on a Private Placement basis.

Considering the attractive features of the revised guidelines issued by Reserve Bank of India on issue of Long Term Bonds / Basel III Tier 1 / Tier 2 Bonds and the fact that these Bonds will also assist the Bank in reducing asset-liability mis-matches, the Board of Directors at their meeting held on May 22, 2015 have proposed to obtain the consent of the Members for borrowing / raising funds in Indian / foreign currency by issue of debt instruments, by issuance of up to ₹ 5,000 crores (Rupees Five thousand crores only), in one or more tranches in domestic and / or overseas market, as per the structure and within the limits permitted by Reserve Bank of India and other regulatory authorities, to eligible investors on Private Placement basis, on such terms and conditions as the Board of Directors or any Committee of the Board or such other persons as may be authorized by the Board, from time to time. This would form part of the overall borrowing limits under Section 180(1)(c) of the Companies Act, 2013 as mentioned above, which is to be enhanced to ₹ 35,000 crores (Rupees Thirty-five thousand crores only). The Resolution under Section 42 of Companies Act, 2013 shall be valid for a period of one year from the date of passing of this Resolution.

The debt instruments, in the form of Long Term Infrastructure Bonds / Non-Convertible Debentures (NCDs) (forming part of Tier 1 / Tier 2 Capital in accordance with Basel III Capital Regulations) would be issued by the Bank in accordance with the applicable statutory guidelines, for cash either at par or at premium or at a discount to face value depending upon the prevailing market conditions.

Approval of the shareholders is sought for issue of Long-Term Infrastructure Bonds and Subordinated Non-Convertible Debentures (NCDs) / Bonds eligible to be included as Additional Tier 1 (AT1) and Tier 2 (T2) Capital of the Bank in the domestic market, on Private Placement basis, in one or more tranches under one or more shelf disclosure documents and / or one or more Letters of Offer and on such terms and conditions for each series / tranches including the price, coupon, premium, discount, tenor, etc., as deemed fit by the Board for an amount not exceeding ₹ 5,000 crores (Rupees Five thousand crores only).

The Board recommends the passing of the Resolution set out at Item No. 14 of the accompanying Notice as a Special Resolution.

None of the Directors, Key Managerial Personnel and their relatives are interested in the Resolution set out at Item No. 14.

Message from Managing Director

Dear Shareholders,

The Board of Directors and the Management Team are once again privileged to present the Annual Report for the Financial Year 2014-15.

The year 2014-15 was not an easy one for doing business. In fact, it was stressful as the operating environment was pretty weak. Therefore, to post consistent results, all of us had to travel that extra mile to achieve our objectives for the year.

I am very happy to share with you that your Bank witnessed robust growth on all key success parameters, including Net Profit, Operating Profit, Net Interest Income, Fee Income, Return on Assets and Return on Equity. This is why FY 2015 was a special year as it was during this period that your Bank cemented its place as a growth leader.

In FY 2015, we opened 200 new branches and inaugurated 377 ATMs. As on March 31, 2015, IndusInd Bank had 801 branches, and 1,487 ATMs spread across 514 geographical locations of the country.

Our efforts in digitisation of services and our pursuit of introducing market-first products also deserve mention. Indeed, a notable feature of the past year was the launch of the Video Branch - a service which enables the customer to interact with the Bank via a video call. This was a step forward to our ongoing Responsive Innovation theme. Through this service, we have added a new dimension to banking and customer convenience. Our continued focus on understanding customer needs and creating solutions around them has helped create product-led brand building. I'm quite sure that through our sustained efforts over the next three years, we will become what I call a "High Street" brand.

I must also share with you certain other important initiatives by your Bank. With an aim to diversify our loan book and enhance our Diamond Financing Business, the Bank entered into an agreement to acquire Royal Bank of Scotland's Diamond and Jewellery Financing Business in India. This led to a simultaneous Global Partnership Agreement with ABN AMRO Bank N. V. for the same business. This acquisition fits nicely into our strategy of creating scale with profitability in select business segments.

We also entered into a strategic partnership with Jet Airways and launched an exclusive range of Credit Cards, offering rewards in the form of JPMiles on all spends. Another strategic tie-up was with Chelsea Football Club, one of the leading clubs of the English Premier League, to launch a co-branded Credit Card.

Apart from profits, the past year was also marked by accolades and good reviews from our stakeholders. Your Bank won an array of awards for consistent performance for its efforts in CSR, IT, Customer Engagement Service, Innovation and Branding. Business Standard named us as the 'Best Banker of the Year', while Businessworld awarded us with the 'Best Medium - Sized Bank' and the 'Fastest Growing Medium - Sized Bank'. These recognitions have not only made us look forward to the coming year with greater enthusiasm and determination, but have also strengthened our belief in our own abilities and desire to excel.

My address would be incomplete without mentioning two of our most important stakeholders - that is our customers and our employees. I wish to place on record my sincere gratitude for their unwavering commitment towards IndusInd Bank.

I would like to thank each one of you, as well as the central and other regulatory authorities/ agencies for providing continuous support at all times.

I also wish to express my sincere appreciation to my colleagues on the Board for supporting and guiding the management team with their wisdom and experience.

Many thanks and kind regards.

Yours sincerely,

Creating an edge with Digital Innovations

The Bank's focus during the year 2014-15 was to transform the Bank as high street Brand. To attain this objective, the Bank adopted various initiatives which led to increasing the brand's visibility quotient while ensuring communication with an interesting and innovative marketing approach.

Video Branch Service, 24x7

In a move to digitise the banking experience further for our customers and also continuing with the bank's ongoing theme of Responsive Innovation, we came up with the vision of introducing an innovative service, 'Video Branch' which allows our customers to interact Face-to-Face with their bank branch 24x7 using their desktop, tablet or smart phone. IndusInd Bank customers can now carry out all the transactions which they perform at a bank branch without going to it, right from the comfort of their office or home using the Video Branch App. Digitisation will rule the future banking and this new service is a significant step towards it.

The Bank adopted a well crafted 360-degree integrated marketing approach to propagate the service message featuring noted Bollywood actor, director and singer Farhan Akhtar. The use of a celebrity both enhanced the brand image while heightening the recall of the message. Television, Out-of-Home, Radio, Digital and Cinema were

considered as an integral part of this multimedia advertising campaign. A set of two TV commercials communicated the benefits of this service while media innovations like teaser videos, roadblocks on marquee online properties like LinkedIn, moneycontrol.com and economic times stole the show.

Digital Brand Initiatives

During the year, the Bank expanded its presence in the digital and social ecosystem by activating Twitter and Google+ brand profiles in order to reach out to larger customer segments that are more comfortable and active in social media. Your Bank has

been very active on Facebook throughout the year and stands tall today with more than 2 Lakh fan base on this social platform. Today 60% of our fans are our Bank customers who use Facebook to effectively communicate with the Bank. We have also started communication on our other social channels such as LinkedIn and YouTube and have received very positive and encouraging response from the customers.

Your Bank also conducted various Online Marketing Campaigns (SEO & SEM) to promote various products and services of the Bank on online space and also increase customer engagement level.

Digital initiatives on various online platforms

Digital Branch

First Digital Branch at Metro Station

During the year, the Bank commissioned Rapid Metro station which is named as the 'IndusInd Cybercity'. The Bank has become the first bank in India to have a Metro Station named after it, thus making this an excellent example of transit mode of advertising in the country. At IndusInd Bank Cybercity Station, your Bank launched the first Digital Branch. With this launch; IndusInd Bank has become the first bank in India to have a fully Digital Branch at a metro station.

While digital marketing gathered momentum, the conventional marketing formed the backbone of marketing activity of the Bank. Series of outdoor advertising were planned out throughout the

year at strategic locations to reinforce the brand. Your Bank also carried out short tactical campaigns for the Delhi Development Authority, product specific print campaigns on Investment Banking and new launches in Credit Card division.

Jet Airways & Chelsea Credit Cards

From the stable of Credit Card division, strategic partnership was announced with Jet Airways, India's premier international airline. Your Bank launched exclusive range of Credit Cards, offering rewards in the form of JPMiles on all

spend and other benefits. Other such strategic tie-up was with Chelsea Football Club, the leading club of the English Premier League, to launch a co-branded Credit Card. Considering the exclusivity of the products, the Bank crafted a tailor made marketing campaign in select print and digital media to reach out to its target audience.

Employee Engagements

The Bank acknowledges that no communication is complete without the wholehearted support of its internal stakeholders. Keeping this factor in mind, the vision of the Bank for next three years was emphasised upon by the Core Executive Team of the Bank in a series of highly interactive Employee Roadshows. These were conducted at various locations, including Mumbai, Delhi, Chennai, Bangalore and Kolkata. Other centres like Kochi, Hyderabad, Patna, Bhubanehswar and Guwahati connected through video conferencing. Employees across the country were connected with thought process of the management in shaping the next 3 years of the Bank.

This year, your Bank developed interesting and engaging series of awareness-building e-direct mailers for specific campaigns, which received overwhelming response from the employees. To sensitise the employees about the bold topics like Work Place Safety, Whistle Blower Policy and other employee related issues, series of internal communication were developed and transmitted.

Employee Roadshow

Growing towards a Sustainable Future

Sustainability is an integral part of IndusInd Bank's operations. Your Bank has been efficacious by being responsive to the rapidly evolving environment and adopting a strategy that is both sustainable and innovative giving equal impetus to human capital, financial capital, natural capital and intellectual capital. Initiatives such as My Account My number, Digital Branch, Video Banking, Green IT, Solar ATMs, reduction in paper and energy consumption, and Carbon Disclosure Project (CDP), etc are unique and have received industry wide acclaim and concurrence of shareholders.

Fortifying sustainability in the value chain

With each passing year, your Bank has fortified sustainability practices and disclosures and will continue to adopt a systemic approach which intends to de-risk business, enhancing value of the products and restores the environment.

This year, the Bank has drawn up a CSR policy and constituted a CSR committee of the Board to focus on themes of rural

development and inclusiveness, environmental sustainability and healthcare. While your Bank will continue to fuel the Financial Inclusion and Rural Banking on a continued basis, this year we will forge ahead on commitment to the 'Swachh Bharat Abhiyaan' initiative.

Performing sustainably through Disclosures & Certification

This year, your Bank is a **Carbon Disclosure Project** leader and stands at #12 in India. This is a significant improvement from 59 points in 2013 to 91 points in 2014.

CDP works with investors globally to advance the investment opportunities and reduce the risks posed by climate change by asking the world's largest companies to report their climate strategies, GHG emissions and energy use

through CDP. Your Bank has assured its carbon footprint in accordance with ISO14064.

Green branch certification

This year your Bank achieved LEED Gold Rating for Gurgaon branch from the US Green Building Council. This facility saves 48.29% of potable water by installation of water efficient fixtures and total connected lighting power is 11.37% below ASHRAE standard. The facility provides sufficient supply of fresh air, which exceeds minimum ASHRAE standard.

Your Bank's spend across environmental and social initiatives is 1.07% which is higher than industry standards of financial services sector.

Sustainability reports from last four years

Your Bank continues to publish sustainability reports annually.

Environment Management

Energy: Power saving initiatives across the Bank have been implemented on 13,583 laptops and desktops which have led to 498 MWh of savings and a reduction of 433 tons of carbon emissions.

Your Bank has been aggressive in migrating hardware architecture from physical to virtual servers and has until now virtualised 642 servers resulting in savings of ₹ 27 cr and electricity of ₹ 1.6 cr per year.

Your Bank's fleet of 100 Solar ATMs generated 1,20 MWh of energy translating to commercial energy cost saving of ₹ 7.4 lakhs and DG Power Savings of ₹ 14.6 lakhs. The total carbon mitigated is 1,44,015 Kgs. Our Solar powered facility at Karpakkam generated 51.5 MWh of power and contributes to 9.5% of the total energy demand of the facility.

52 power saving devices were installed at various offices and branches which resulted into savings in electricity of ₹ 34.78 lakhs.

Timers installed at 800 signages aided in electricity savings of 1,872 MWh and cost saving of ₹ 1.49 cr. Your Bank deployed 580 thin clients this year, an increase of 45% from previous year. Continued adoption resulted in savings of 300 KWh per year with a saving of ₹ 2,380 per user per year towards the cost of power.

Paper: Your Bank uses recycled paper for business cards and A4 papers and from this year onwards have also started using bagasse based recyclable paper for envelopes. These initiatives have helped protection of around 550 trees. Around 11,700 Kgs of paper has been recycled through our waste management partners ITC in West and South regions.

E-waste: Your Bank in this year has disposed off

48,434 Kgs of e-waste through 6 government authorised recyclers, which is more than double the amount of previous year.

Sustainable supply chain: In order to ensure that your Bank sources from a reliable and secure supply chain, this year supplier sustainability assessment of the large spend suppliers was initiated. These IT and equipment vendors were assessed on their environment, carbon and resource management practices. It was found that over 75% of responding suppliers measure their carbon footprint, of which 50% have set emission reduction targets. Over 80% of responding suppliers have obtained 3rd party certifications for products such as energy star certifications.

Financial inclusion: This year, your Bank opened new branches at 73 unbanked locations to further the national mission on financial inclusion and to improve access to financial services in remote and marginalised communities. Currently, your Bank partners with 10 Business Correspondents through a branch network of 373 which are exclusive to your Bank covering 10 States, 78 Districts, 13,500 villages and 182 slums. Your Bank has cumulatively sanctioned more than 1.2 million loans aggregating to ~ ₹ 1,850 cr. and have done over 40 Million transactions wherein the portfolio quality is impeccable with a 99.9% on time recovery.

Legal literacy: Women's role in development of their families is fundamental and your Bank believes in their empowerment by providing them legal education and awareness of their Rights. Your Bank has leveraged the relationship with Business Correspondents who primarily work with women self-help

Green Champions Program

groups (SHG) for extending micro finance. As an extension of this engagement, your Bank has partnered with Samhita to execute a programme on Legal Literacy for marginalised women in Madhya Pradesh and Maharashtra. The programme will train and educate 5,000 women in its first phase on legal awareness, domestic violence and gender discrimination followed by the establishment of counseling centres in areas where women have minimal or no recourse to legal aid and counselling services.

Donations: Your Bank has contributed an amount of ₹ 47 lakhs in FY 2014-15 towards organisations that include IndusInd Foundation (Non Profit/Charitable wing of the IndusInd Group, set up to channelise community resources for public good), Sahachari Foundation

(Trust dedicated to the betterment of less privileged in areas of education, socio-economic upliftment, healthcare and promotion of arts), ITIHAAS (A Delhi-based education trust working with over 300 schools in the area of Heritage Education), Uttung Sanskrutik Pariwar Trust (Promotes national awareness on Indian culture and various arts) and other organisations.

Beach clean-up

Workforce initiatives/ Green Champions Program

Green Champions: Your Bank on boarded the fourth batch of the Green Champions this year. Green Champions lead the environmental and social initiatives from the front along with an enthusiastic team of Green Commandos. Green Champions received trainings on biodiversity, CSR programs and they demonstrated important activities in their regions such as community clean-up and biodiversity workshops in 14 cities and the Share2Care initiative.

Your Bank instituted the flagship employee payroll giving program Share2Care.

5 NGOs were selected and inducted Kheti Virasat, Sweccha, Aaranyak, NalandaWay and Samarthanam, each focus on varied themes such as biodiversity conservation, organic farming and working with under privileged children and youth etc. The workforce contributes approx. ₹ 4.5 lakhs to their mission on a monthly basis.

Campaigns

Green revolution: The last quarter marked the break-out of green revolution in which the Green Champions organised kitchen gardening workshops in residential complexes which created awareness towards community greening and biodiversity conservation. Further, your Bank will plant 3,000 trees for the participants as part of an urban afforestation program. The #SelfieWithTrees campaign also saw enthusiasm with over 200 pictures at the Facebook page.

Corporate global markets operations team venerated the sustainability week across all their locations in which every day was dedicated to one theme such as waste segregation, community and beach

clean-up, elderly care, biodiversity protection, #SelfieWithTrees etc. The NGO day was also organised at the corporate office which provided NGOs the direct market-place merchandising opportunity for their artifacts and works of art.

World Environment Day was celebrated across all locations marked with various activities such as film screenings, nature trail, adopt-a-plant and organic food stall.

DIRECTORS' REPORT : 2014-15

The Bank's Directors have pleasure in presenting the Twenty-first Annual Report covering business and operations of the Bank, together with the Audited Financial Statements for the year ended March 31, 2015.

The financial performance for the year ended March 31, 2015 is summarized as under:

(₹ in crores)

	As on March 31, 2015	As on March 31, 2014
Deposits	74,134.36	60,502.29
Advances	68,788.20	55,101.84
Operating Profit (before Depreciation and Provisions & Contingencies)	3,225.07	2,694.11
Net Profit	1,793.72	1,408.02

During the year under review, despite a weak growth in the Indian economy and a persistently challenging operating environment, the Bank improved its business, with Deposits growing by 22.53% and Advances by 24.84% over the previous year.

The Bank continued to focus on increasing earnings from core banking business, and on strengthening the fee income streams.

Operating Profit (before Depreciation and Provisions & Contingencies) rose by 19.71% to ₹ 3,225.07 crores, as compared to ₹ 2,694.11 crores in the previous year.

The Net Profit of the Bank, after considering all expenses and necessary Provisions & Contingencies, was higher by 27.39% at ₹ 1,793.72 crores as against ₹ 1,408.02 crores in the previous year.

Appropriations

The Directors recommend appropriation of Profit as under:

(₹ in crores)

Operating Profit before Depreciation and Provisions & Contingencies	3,225.07
Less: Depreciation on Fixed Assets	126.85
Less: Provisions & Contingencies inclusive of Income Tax	1,304.50
Net Profit	1,793.72
Profit Brought Forward	2,623.33
Amount available for Appropriation	4,417.05
Transfer to Statutory Reserve	448.43
Transfer to Capital Reserve	12.28
Transfer to Investment Reserve Account	37.16
Proposed Dividend	212.01
Tax on Dividend	43.15
Balance carried over to Balance Sheet	3,664.02
Total Appropriations	4,417.05

Dividend

The Earning Per Share (EPS) of the Bank rose to ₹ 33.99 during the year 2014-15, from ₹ 26.85 in the previous year.

Looking at the overall improvement in performance coupled with the need to conserve capital for continued growth, the Directors recommend a Dividend of ₹ 4.00 per equity share of ₹ 10 each for the year ended March 31, 2015. (Dividend for the year 2013-14 was ₹ 3.50 per equity share of ₹ 10 each).

In terms of the extant laws, the Bank shall pay tax on the amount of Dividend paid, so that the Dividend becomes tax-free in the hands of the shareholders.

During the year, unclaimed dividend pertaining to the financial year 2006-07 was transferred to the Investor Education and Protection Fund (IEPF) after giving due notice to the members whose names were appearing in the list of unpaid recipients.

Financial Performance

Despite benign WPI inflation, softening oil prices in the latter half of the year, and manageable levels of Current Account Deficit, the domestic interest rate scenario remained at elevated levels, especially for Deposits. During the last quarter of the financial year, RBI reduced Repo Rate to 7.50% from 8.00% while CRR was kept unchanged at 4.00% during the year.

The year under review was the first year of new triennial planning cycle for the Bank (Planning Cycle 3, for Financial Years 2015-17) with the theme of 'Intelligent Domination and Specialization' with a strategy to gain 'Market Share with Profitability' through Dominance, Diversification and Differentiation (3D). The Bank continued to leverage its business on the three performance planks of Productivity, Profitability and Efficiency.

Backed by improved volumes, the Total Income of the Bank grew by 19.24% to ₹12,095.84 crores from ₹ 10,144.06 crores.

The healthy rise in profitability was the result of growth in Net Interest Income as well as Non-Interest Income. Net Interest Income improved by 18.32% to ₹ 3,420.28 crores from ₹ 2,890.71 crores, while Non-Interest Income rose to ₹ 2,403.87 crores from ₹ 1,890.53 crores, a rise of 27.15%.

Yield on Advances dropped to 13.12% during the year as against 13.56% in the previous year, even as the Cost of Deposits fell to 7.92% as against 8.17% in the previous year. Net Interest Margin (NIM) dropped to 3.65% during the year, as compared to 3.71% in 2013-14.

Fee and Miscellaneous Income at ₹ 2,403.87 crores, as compared to ₹ 1,890.53 crores in the previous year, showed strong annual growth of 27.15%. Core Fee Income such as commission, exchange, loan processing and account management fees, fees on Investment Banking and distribution of third-party products and earnings from foreign exchange business grew by 29.63% to ₹ 2,086.66 crores from ₹ 1,609.71 crores earned during the previous year.

The Bank expanded its branch network rapidly to reach 801 branches, as against 602 branches at the beginning of the year. Revenue per employee during the year remained steady at ₹ 30 lakhs.

The quality of the Loan Book remained stable, with Net Non-Performing Assets (Net NPAs) at 0.31% as at March 31, 2015 as against 0.33% last year. The Provisioning Coverage Ratio (PCR) stood at 62.61% as compared to 70.35% previous year.

On the Liabilities side, the emphasis continued to be on broad-basing and deepening the deposit franchise. This was facilitated through leveraging the expanded branch network and the pan-India marketing setup, introduction of innovative products and service propositions, sustained promotional campaigns and enabling customers with alternate channels such as Video Branch, Mobile Banking, Internet Banking, ATMs, etc., as well as improving delivery of products online and client engagement through Digital channels. The Bank enhanced customer delight through more than 50 tie-ups in e-Commerce and Cards that also helped to drive spends.

The Bank introduced several new products and services for select client segments through its Consumer Banking, Transaction Banking and Global Markets Groups. The Consumer Banking Group expanded its product range with the launch of Loans Against Credit Card Receivables (LACR), Loans against Securities (LAS), Commercial Cards, Agri Loans, etc. Deeper understanding of client requirements and the ability to put technology to efficient use formed the edifice on which new products and service propositions were built.

The Bank kept up its focus on deepening as well as strengthening the fee-based income streams, resulting in smart growth in Non-Interest Income. Going forward, the Bank plans to upscale the growth momentum through further

enhancements in diverse revenue streams such as foreign exchange business, investment banking, structured trade and treasury products, distribution of third-party products like mutual funds and insurance, international remittances, Bullion operations and Transaction Banking activities, including the Depository business and financing the Commodity Market segment.

Performance of Subsidiary and Associate Company

ALF Insurance Services Pvt. Ltd., the Bank's subsidiary company which was set up to do the business of Insurance Corporate Broking, is currently under voluntary winding up.

IndusInd Marketing and Financial Services Private Limited (IMFS) is an Associate Company of the Bank and is engaged in the business of providing manpower services.

A statement containing the salient features of the financial position of the Subsidiary and Associate Company in Form AOC-1 is enclosed as Annexure I.

During the year under review, no company has become or ceased to be, a subsidiary, a joint venture or an associate company of the Bank.

Share Capital

The Paid-up Share Capital of the Bank as at March 31, 2015 consisted of 52,94,50,209 equity shares of ₹ 10 each.

During the year under review, the Bank allotted 40,03,725 shares pursuant to exercise of Options under its Employees Stock Option Scheme, 2007.

Accordingly, the Paid-up Share Capital and Share Premium Account increased by ₹ 4.00 crores and ₹ 62.25 crores, respectively.

During the year under review, as an efficient housekeeping exercise, the Bank cancelled the shares forfeited till date. Consequently, the moneys collected on forfeited shares amounting to ₹ 0.86 crores, consisting of ₹ 0.19 crores lying in the Share Forfeiture Account and ₹ 0.67 crores lying in the Share Premium Account, were transferred to the Capital Reserve Account.

Debentures

During the year under review, the Bank had issued and allotted 5,000 Rated, Listed, Senior, Unsecured, Redeemable, Non-convertible Bonds in the nature of Debentures for Face Value of ₹ 10,00,000 (Rupees Ten Lakhs only) each, on March 31, 2015 to identified investors on Private Placement basis, for an aggregate amount of ₹ 500 crores.

System for Internal Financial Controls and its Adequacy

The Bank operates in a fully computerized environment with a Core Banking System supported by diverse application platforms for handling special businesses such as Treasury, Trade Finance, Credit Cards, Retail Loans, etc. The process of recording of transactions in each of the application platforms is subject to various forms of controls such as in-built system checks, Maker-Checker authorizations, independent post-transaction reviews, etc. The Financial Statements are prepared based on computer system outputs. Responsibility of preparation of Financial Statements is entrusted to a dedicated unit which is completely independent of business, risk, audit or other functions. This unit does not originate accounting entries except for limited matters such as share capital, taxes and transfers to reserves.

Conservation of energy and technology absorption and foreign exchange earnings and outgo

Considering the nature of activities as an entity in the financial services sector, the provisions of Section 134 (3) of the Companies Act, 2013 and the Rules framed thereunder relating to conservation of energy and technology absorption do not apply to the Bank. The Bank has, however, made optimum use of Information Technology in its operations.

The Bank has voluntarily taken steps towards conservation of energy and technology absorption, the details of which are highlighted in the Management Discussion and Analysis Report, which forms part of this Report. Details of foreign exchange earnings and outgo are also mentioned in the section on Management Discussion and Analysis.

Risk Management

The Bank has an integrated Risk Management Department, independent of business functions, covering Credit Risk, Market Risk, Assets-Liabilities Management (ALM), Operational Risk, and Information Security Risk functions.

Risk Management functions in the Bank have been aligned with best industry practices, and are being enhanced progressively, adapting to dynamic business environment and market conditions.

The Bank has implemented "Internal Capital Adequacy Assessment Process" (ICAAP) in line with Basel III requirements. The Bank has set up a Board-level Committee, viz., "Risk Management Committee" to examine risk policies and procedures developed by the Bank and to monitor adherence to various risk parameters and prudential limits by different operating departments.

More details on Risk Management framework / models adopted by the Bank are given in the section on 'Management Discussion and Analysis'.

Vigilance Mechanism

In compliance with RBI guidelines, the Bank has in place a "Whistle Blower Policy" since 2009. The Board of Directors of the Bank have constituted a Board-level Committee, viz., the Vigilance Committee, which conducts overview of cases of vigilance nature on the part of employees of the Bank. Material events that have happened after the Balance Sheet date:

On April 10, 2015, the Bank entered into an agreement with Royal Bank of Scotland N.V. to acquire on a 'slump sale' basis its Diamond and Jewellery financing business in India, of approximately ₹ 4,500 crores in size, along with related deposit portfolio, subject to certain regulatory approvals. The process of taking over of the business is under way and until ownership of the loans-transfer takes place, the day-to-day management of the loan portfolio will remain with Royal Bank of Scotland N.V. Once the formalities related to the transaction are completed, the business will be integrated with that of the Bank, and the advances and related deposit portfolio of the Bank will increase to the extent of acquisition.

Other than the above, there are no material changes and commitments affecting the financial position of the Bank, which have occurred between the end of the Financial Year 2014-15 to which the Balance Sheet relates and the date of this Report.

Statutory Disclosures

The details pursuant Section 197 (12) of the Companies Act, 2013 read with Rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014

- The ratio of the remuneration of each Director to the median remuneration of the employees of the Bank for the financial year is given below:

Name	Ratio
Romesh Sobti (Managing Director & CEO)	131x

All Directors, except Managing Director & CEO are "Non-executive" and receive remuneration only by way of Sitting Fees for attending the meetings of the Board and of the Committees of the Board.

- The percentage increase in remuneration of each Director, Chief Financial Officer, Chief Executive Officer, Company Secretary, if any, in the financial year:

Name	Percentage
Romesh Sobti (Managing Director & CEO)	7%%
S. V. Zaregaonkar (Chief Financial Officer)	11.1%
Haresh Gajwani (Company Secretary)	10.3%

- The percentage increase in the median remuneration of employees in the financial year:

The median of fixed remuneration of the employees in the financial year was increased by around 7.6%. The calculation of % increase in median of fixed remuneration of employees is made only for those employees who were eligible and received increments in the financial year.

- The number of permanent employees on the rolls of the Bank:

There were 19,121 employees on the rolls of the Bank as on March 31, 2015.

- The explanation on the relationship between average increase in remuneration and performance of the Bank;

Average increase in remuneration of employees of the Bank for FY 2014-15 is based on:

- Annual financial performance of the Bank
- RBI Compensation guidelines for Whole Time Directors / Chief Executive Officers / Risk Takers and Control function staff.
- Market trends and Industry benchmarks
- Objective of rewarding and retaining critical talent / high performers.

Accordingly, average increase in fixed remuneration of employees is 9.2%. The calculation of % increase in fixed remuneration is calculated only for those employees who were eligible and received increments in FY 2014-15.

- Comparison of the remuneration of the Key Managerial Personnel (KMPs) against the performance of the Bank:

For FY 2014-15, KMPs were paid approx 0.4% of the Profit After Tax for the year.

- Comparison of each remuneration of the Key Managerial Personnel against the performance of the Bank:

The comparison of remuneration of each of the KMPs against the performance of the Bank is as under:

Particulars	% of PAT for FY 2014 - 15
- Managing Director & CEO	0.25%
- Chief Financial Officer	0.12%
- Company Secretary	0.03%

- Variations in the market capitalisation of the Bank, price earnings ratio as at the closing date of the current financial year and previous financial year and percentage increase over decrease in the market quotations of the shares of the Bank in comparison to the rate at which the bank came out with the last public offer in case of listed companies:

The Market Capitalization of the Bank has increased from ₹ 26,369.53 crores as of March 31, 2014 to ₹ 46,909.29 crores as of March 31, 2015. Over the same period, the price to earnings ratio moved from 18.69x to 26.07x. The Bank's stock price as at March 31, 2015, has increased by 1,868.89% to ₹ 886.00 over the last public offering, i.e. IPO in November 1997, at the price of ₹ 45 per share.

- Average percentile increase already made in the salaries of employees other than the managerial personnel in the last financial year and its comparison with the percentile increase in the managerial remuneration and justification thereof and point out if there are any exceptional circumstances for increase in the managerial remuneration:

- All employees in the Bank are classified under Managerial Role, viz., Top Management, Senior Management, Middle Management and Junior Management, etc. Hence, this section is Not Applicable to the Bank.

- The details of the key parameters for any variable components of remuneration availed by the Directors:

Other than Managing Director & CEO, all other Directors are entitled to Sitting Fees and reimbursement of expenses incurred on travelling and accommodation for attending the meetings of the Board and of the Committees thereof, as may be decided by the Board from time to time and do not receive remuneration in any form from the Bank.

The variable component of the remuneration for Managing Director & CEO is based on the following parameters:

- Annual performance on Bank's business objectives approved at the beginning of the financial year by the Board of Directors.
- Bank's financial performance and profitability
- The variable component of the remuneration is based on the Bank's compensation policy designed as per the RBI guidelines on Compensation of Whole Time Directors / Chief Executive Officers / Risk Takers and Control function staff.

- The Ratio of the remuneration of highest paid Director to that of the employees who are not Directors but receive remuneration in excess of the highest paid Director during the year:

Managing Director & CEO is the only Executive Director on the Board of the Bank, and draws remuneration from the Bank, subject to approval of the shareholders of the Bank and Reserve Bank of India.

No employee of the Bank was in receipt of remuneration in excess of the Managing Director & CEO during the year. Hence, this section is not applicable to the Bank.

- Affirmation that the remuneration is as per the Remuneration Policy of the Bank.

Yes, it is as per the Remuneration Policy.

Note:

Remuneration of KMPs is as per the Form 16 (on an annualised basis) excluding Stock Options exercised, since Options do not form part of total cost to the Bank.

Given the nature of the Bank's business, we have undertaken initiatives and sustainable practices within the Bank, such as:

Green IT:

Power saving initiatives were implemented across the Bank on 13,583 laptops and desktops. These steps have resulted in reduction of 433 tons of carbon emissions. The Bank has also been aggressive in migrating hardware architecture from physical to virtual servers - 642 servers have been virtualized on 63 physical servers.

ATM's with Solar Panels:

Through the installation of 100 Solar ATMs, the Bank not only successfully generated 1,20,296 kwh of solar energy, but also mitigated 1,44,015 kg of Carbon.

Solar-powered premises:

51.5 mwh of energy was generated through Solar installation at the Bank's owned premises at Karapakkam, Chennai, which contributed to 9.5% of the total energy demand.

Power-saving Devices:

52 Power-saving devices were installed at various offices and branches of the Bank, and Timers were installed at 800 signages which aided in saving electricity and mitigating carbon emission. The Bank deployed 580 thin clients this year - an increase of 45% from the previous year. Continued adoption of thin clients resulted in savings of 300 kwh. per client when compared with Standard Desktop Computers.

Paper conservation:

The Bank uses recycled paper for business cards and has replaced regular A4 papers with eco-friendly paper made from Bagasse. This year onwards, the Bank has started using bagasse based recycled paper for envelopes as well. These initiatives have saved around 550 trees. The Bank has recycled around 11,700 kgs of paper in West and South regions through its Waste Management partners, ITC.

E-waste:

The Bank has disposed-off 48,434 kgs of E-waste through authorized recycle vendors who follow environment norms laid down by the Government. This is more than double the amount done in the previous year.

Sustainable Supply Chain:

In order to ensure sourcing of equipment from a reliable and secure supply chain, the Bank has initiated a supplier sustainability assessment of the large spend suppliers. IT vendors and equipment vendors were assessed on their environment, carbon footprint and resource management practices. It was found that over 75% of responding suppliers measure their carbon footprint, out of which 50% have set emission reduction targets. Over 80% of responding suppliers have obtained 3rd party certifications for products such as, energy star certifications.

LED Lighting:

LED lights are being installed at new branches to reduce power consumption.

No.

Principle 8

1. **Does the company have specified programmes / initiatives / projects in pursuit of the policy related to Principle 8? If yes details thereof.**

In the year 2014-2015, the Bank adopted sustainable initiatives and practices in the communities of its operations. The Bank has formed a CSR Committee of the Board and has published its official CSR Policy in public domain in compliance with Section 135 of the Companies Act, 2013. While there have been several changes with regard to governance and policy, the Bank continues to uphold its core CSR values and has built on the foundations laid down during the preceding years.

The Bank's "Hum aur Hariyali" program, first initiated in 2008, focuses on social and environmental issues and solutions at national, institutional and community levels. Over the years it has focused on the following:

- Execution of green solutions or projects;
- An interactive e-learning and employee engagement program;
- Monitoring, evaluation and reporting of the Bank's environmental impact;
- Greening IT through our Server Virtualization Project.

Through this program, the Bank continues to strive to reduce its carbon footprint through the implementation of innovative technological solutions and behavior change. In the financial year 2014-15, the Bank has:

- Successfully replaced the use of non-recycled envelopes with recycled ones
- Launched one of India's first LEED-rated standalone Retail Banking branch at Gurgaon and will implement some of the learnings from this project at other new branches across the country.
- Adoption of municipal schools to provide adequate Sanitation for the Girl child under the 'Swachh Vidyalaya Abhiyaan'.
- Legal literacy for women in marginalized rural areas.
- Urban Afforestation Programme.

The Bank's Green Champion program has been running successfully since its inception in 2009. January 2015 witnessed the Annual Green Champions Training Meet at Karnala near Mumbai. Around 30 enthusiastic Green Champions (GCs) from various functions of the Bank gathered for 3 days to exchange ideas and develop the necessary knowledge and skills to drive change in the fields of environment and sustainability. The last quarter of the FY 2014-15 was Biodiversity themed and the GCs participated in a 'selfie-with-trees' campaign to raise

awareness about urban biodiversity and helped the CSR department organise organic kitchen gardening workshops. The aim of these workshops was to highlight the environmental impact of food production and to demonstrate that growing vegetables at home is not only easy but extremely healthy too. The Bank has allocated planting a tree for each participant of the workshops through the Urban Afforestation Project. The past year also saw the Green Commandos under the program who have participated to aid the CSR department and the GCs in their green endeavors.

The Bank's payroll giving scheme 'Share2care' is an initiative which allows the Bank's employees to donate to NGOs who work for social and environmental causes, leveraging their resources and expertise to bring about a positive change. In the past, the employees raised funds for 'SUPPORT' which focuses on rehabilitating street children with drug addiction. The financial year saw the addition of 5 new NGOs, namely, Swechha, Samarathanam, Aaranyak, Nalandaway and Kheti Virasat Mission, to our Share2Care payroll donation campaign.

2. Are the programmes / projects undertaken through in-house team / own foundation / external NGO / government structures / any other organization?

The programmes / projects / initiatives are undertaken through in-house team, business correspondents, NGOs, Implementation Agencies and environment advisors.

3. Have you done any impact assessment of your initiative?

No.

4. What is your company's direct contribution to community development projects amount in INR and the details of the projects undertaken?

During FY 2014-15, the Bank reached out to around 1.7 million households from the Base of the Pyramid (BoP) Segment both through Direct and Indirect Channels.

- Geographical Spread
 - a. 25 States, 395 Districts
 - b. Out of the above, the Bank has directly reached out to around 718,000 clients spread across 10 States & 79 Districts covering more than 13,300 villages and 180 slums.
 - c. Majority of the above are from under banked districts and districts which rank low on the CRISIL Financial Inclusion Index.
 - d. 100% of these loans were to Women organised in Joint Liability Groups (JLG); various studies internationally have shown that such loans extended along with other financial services in a responsible manner would help improve the quality of lives and help empower the women over a period of time. It is the Bank's endeavour to deepen the engagement with these clients to help them move out of poverty and improve their standard of living and do it in a sustainable manner.
- Socio / Economic Status
 - e. In terms of socio-economic composition, 70% of the population belong to Backward Communities with SC /ST categories, constituting 32% by number and amount.
 - f. About 40% of the loans were to Agri and Agri- Allied sectors, with balance towards Micro Enterprises (Manufacturing, Trade and Service). The activities covered under the Agri and Agri-Allied sector includes, Vegetable Cultivation, Release of land mortgaged with Money lenders, Borewell digging, Pump-set, Land Development, Livestock loans – Buffalo, Cows, Sheep rearing, Kitchen poultry units, etc. and the activities covered under the Micro Enterprises sector includes, Saree Trading, Fruits business, Kirana stores, Snacks stores, Roadside Dhabhas, Cycle repair shops, Tea Stalls, Agarbatti making, Tailoring, etc. In the process, the Bank has touched more than 1200+ activities thus covering virtually every aspect of clients at the BoP segment.
 - g. In terms of loan sizes, 55% of the above loans are for amounts less than ₹ 15,000.

The Bank has spent ₹ 17.53 crores on various social and environmental activities during the year 2014-15 which is 54% of the net profit.

5. Have you taken steps to ensure that this community development initiative is successfully adopted by the community? Please explain in 50 words, or so.

Following are key ingredients of successful adoption of community development initiative:

- Products suiting the needs: The products offered are unconventional, with flexible repayment frequencies (weekly/ fortnightly and monthly).
- Counter-party assessment: Given the lack of proper documentary evidence to establish the income, cash flows to assess credit worthiness and the segment's inability to offer collateral, social collateral in the form of joint liability is obtained which has proven to be robust and efficient. This is supported by mandatory credit bureau enquiry for every applicant helping to make an informed credit decision. The testimony is evident from the fact that the program till date had negligible delinquencies. Portfolio at Risk for more than 30 days as on 31st March 2015 is 0.05%.
- Customer convenience: Considering the nature of activities that the target segment is engaged in, it requires the financial and banking services to be available to them at flexible and convenient times. The customer service point (first point of contact with client) visits customers early in the morning and late evening, which suits them best.
- Continuous Client engagement: This segment lacks financial discipline due to their low literacy and awareness levels. Continuous engagement in the form of group meetings at frequent intervals (weekly / fortnightly / monthly) is made, aligning with the repayments, to instill and reinforce the discipline.
- Feedback system: Regular client meetings and visits to houses of the customers helps in effective feedback system and help sense early warning signals for taking corrective action.
- Appropriate IT systems: Complex nature of business and multitude of business models with various service providers across the country requires a system which is flexible, robust and user- friendly. The Bank has in place a customized software application which is working seamlessly with 10 service providers with number of transactions crossing over 13 million.
- Robust Monitoring: Multi-pronged approach was adopted in monitoring. The Bank has set up a dedicated Analytics Team which does data mining and monitoring and a Process and Control Team which has on-ground presence with field staff headquartered in operational locations. In addition to regular supervision, this makes the monitoring robust.
- Centralized Processing: Operations are centralized and are carried out by dedicated staff for financial inclusion initiatives of the Bank. Technology, Systems and Controls are well in place to ensure quick turnaround time of the loan applications received. The customer on-boarding and KYC verification is done in accordance with regulatory guidelines for every single member under the FI initiative.

Management Discussion & Analysis

Macroeconomic Scenario and Banking Environment

In the year gone by, global economic performance remained subdued, with the world economy in a balancing act.

The US was seen posting a steady recovery with declining unemployment rates, even as Europe and Japan were unable to grow out of their structural weaknesses. On the other hand, emerging markets tried to put behind them the impact of the previous year's 'taper-tantrum', and are currently at different stages of monetary easing. Collapse in oil prices and downturn in the commodity cycle has further clouded the outlook.

In the midst of the global economic divergence, India witnessed improvement in its macroeconomic indicators.

A lower Current Account Deficit (CAD), combined with resurgence of capital inflows, led to a stable Rupee, which was seen to be the best-performing amongst most global currencies. Foreign Exchange Reserves to the tune of \$350 billion have been built by the Reserve Bank of India (RBI).

Inflation indices, both 'Wholesale Price' and 'Consumer Price' declined. The Government has committed to further bringing down the revenue and fiscal deficits, albeit at a slower pace. With private sector Balance Sheets under stress, the Union Government has laid out a broad spread of capital and infrastructure spending. Arising out of higher proportion of transfers from the Central pool, State Governments are expected to lend a helping hand at infrastructure creation and create room for fiscal consolidation.

On the regulatory side, the Reserve Bank of India has reached an 'Agreement on Monetary Policy Framework' with the Government of India, explicitly adopting a target of 4 per cent

Consumer Price Inflation with a band of +/- 2 per cent by January 2016.

RBI has moved to an 'on tap' means for issuing out new licences for banks. Two beneficiaries, Bandhan and IDFC, are expected to enter the industry in the current fiscal. RBI has also simplified access to international funds for Indian borrowers. The regulatory framework of Asset Reconstruction Companies (ARCs) has been relaxed to utilize their expertise so as to better manage Non-Performing Assets in the banking industry. Some of these measures are expected to provide long-term benefits and address structural issues plaguing the industry.

Reforms, such as transfer of subsidy through Direct Benefits Transfer and elimination of unintended beneficiaries, are expected to aid efforts towards cutting down wasteful expenditure in the economy. Opening up of new sectors to Foreign Direct Investment, boosting ease of doing business, making finance available to the micro and small units through MUDRA Bank and enacting reforms such as Goods and Services Tax, Real Estate Regulatory Bill and 'Black Money' Bill are expected to diminish the scope of cash transactions in the economy. As more money is routed through official and formal channels of finance, the banking industry would benefit by way of enhanced network and deepening coverage. It may also have to innovate to create products for the beneficiaries of the 'Jan Dhan Yojana', the hitherto unbanked citizens left out of the official financial system, which should also help banks find the proverbial fortune at the bottom of the pyramid.

On the back of easing inflation, subdued economic activity and improving macro-economic indicators such as Current Account Deficit and Fiscal Deficit, RBI commenced

monetary easing with two interest rate cuts of 25bps each in Repo & Reverse Repo rates announced on January 15, 2015 and March 4, 2015, both being outside the Policy dates.

The Market had already started building the easing expectations from Q3 FY15 and accordingly the 10-year Government Security (G-sec) yield had fallen from 8.51% on September 30, 2014 to 7.74% on March 31, 2015.

RBI in its recent policies has reiterated that its stance will remain accommodative, but it has also highlighted that further easing would be dependent on various factors such as monsoon (and its impact on food prices), US

Fed rate hikes (and its impact on emerging markets), and transmission of rate cuts by banks. RBI has also stated that it expects a real rate of 150-200 bps.

With inflation expected to be in 5-6% range by FY16-end, reduction of 25bpps to 50bpps in Repo rate towards 7-7.25% is expected during FY16, unless CPI surprises on the downside. Accordingly, the G-sec yields are expected to remain subdued, with a modest downward trend, unless the first Fed rate hike gets delayed beyond September 2015 or CPI falls below RBI's expectation of 5.8% by January 2016.

Bank's Performance during 2014-2015

Business Performance

The salient features of the Bank's operating performance during the year 2014-15 are summarized in the table below:-

The Bank's Net Interest Income improved by 18.32% to ₹ 3,420.28 crores from ₹ 2,890.71 crores. Yield on Advances dropped by 44 bps to 13.12%, while the Cost of Deposits showed a drop of 25 bps at 7.92%, leading to a marginal drop in the Net Interest Margin (NIM) at 3.65% during the year, as compared with 3.71% in 2013-14.

Fee and Miscellaneous Income during the year at ₹ 2,403.87 crores, as compared to ₹ 1,890.53 crores previous year, showed a strong growth of 27.15% year-on-year. The increase in Core Fee

Income from revenue streams like Commission, Exchange, Fees on distribution of third-party products and earnings from foreign exchange business, etc. was strong at ₹ 2,086.66 crores as against ₹ 1,609.71 crores, registering 29.63% growth.

The Bank expanded its branch network rapidly to reach 801 branches, as against 602 at the beginning of the year. Revenue per employee during the year remained steady at ₹ 30 lakhs.

Quality of the Bank's assets was stable, with Net Non-Performing Assets (Net NPAs) at 0.31% at March 31, 2015 as against 0.33% the previous year. Provisioning Coverage Ratio (PCR) was steady at 62.61%, as compared with 70.35% in the previous year.

During the year under review, the Bank allotted 40,03,725 shares, pursuant to the exercise of Options under its Employees Stock Option Scheme, 2007.

Business Performance Highlights

Consumer Banking

During 2014-15, the Bank's Consumer Banking business showed healthy growth in revenue, recording a y-o-y rise of 29%, on the back of 44% rise in the Retail Book (Assets + Liabilities). The Bank's strategy of driving growth in Savings Bank deposits continued to show results, with 42% y-o-y growth driven by the segmented client approach and a growing distribution network.

The Bank enhanced its segment-centric offers in the Current Account product suite. The 'Indus Dollar One Current Account' offers a discounted trade pricing offering to Exporters and Importers, along with the best-in-class banking products and services that include Current Account, Trade & Forex, Salary Account and Retail Forex Services.

The Bank entered into Business Correspondent relationships and other partnerships in the digital and physical space to augment its own distribution channels so as to acquire, service and engage customers, both in the Financial Inclusion space and in other areas.

The Business Banking Group achieved Assets growth of 35% during the year, with rise of 34% in working capital facilities and 41% increase in the Term Loan Book. The 'Loans Against Property' book has shown consistent growth, and grew 50% during the year. The Home Loans distribution tie-up with HDFC Limited is also well established now, with their products being offered by the Bank across all branches in the country. The 'Business Loan' product that had been launched in the previous financial year has created a healthy asset book, with about 1,800 clients on board; spread across the MSME segment.

In its first year of operations, the Agri Business is being offered in 52 branches across seven

States. Bank's customers can avail of the 'Indus Kisan' and 'Agri Business Loans' focused on agricultural traders and processors.

The Bank continued to scale up the Credit Card business by increasing distribution in new cities and introducing new product variants, including the Jet Airways co-branded Card and Chelsea FC co-branded Card. Distribution of third-party products also saw a healthy increase.

The Bank focused on key service propositions such as client engagement and operating process management to enhance the quality of delivery of banking products and services.

Innovations

In line with the theme of "Responsive Innovation", the Bank launched its 'Video Branch', a unique convenience connect with constituents.

The launch of the Video Branch is an element of the Bank's Digitization strategy, to help constituents overcome the constraints of

physical branch banking and provide the bouquet of banking services in a superior manner and in the comfort of their homes.

The Video Branch is a first-in-the-world offering, and the newest channel in IndusInd Bank. Customers can download the app from Google Play Store or Apple App store. Customers can then have a live call with Contact Center agents instantly. Customer also has an option to schedule a call with his / her Branch Manager / Relationship Manager. Customer can avail of all Contact Centre services, and can also request for 28 different financial transactions like FD booking, NEFT, RTGS, internal funds transfer, etc.

Distribution

The Bank launched its first Digital Branch at the IndusInd Rapid Metro Station in Gurgaon. The Digital Branch has been aesthetically designed, with stylish and modern interiors to provide customers a rich and delightful banking experience. The Branch has the first interactive Video Branch Machine in India. Its lobby also has a smart table with iPads, on which customers can do a host of banking and non-banking transactions.

The Bank opened 199 new branches as part of the strategy of expanding its banking network to different locations in the country, and 377 ATMs were set up across key markets. Bank has also partnered with WLA operators to setup co-branded ATMs.

200

MORE BRANCHES

are planned to be opened during the current year in select geographies.

New Product launches

KCC - Indus Kisan Term Loans and Overdraft

Retail Agri Business Unit has introduced the KCC - Indus Kisan as a product offering for the rural segment. Indus Kisan is basically meant for the farmer for their short-term and long-term credit needs for undertaking Agri and Agri-allied activities. This mainly helps farmers for purchase of inputs during the cropping season for their cultivation and other needs.

Loans Against Card Receivables (LACR)

As a step to augment Retail business, the Bank's Retail Assets Division has introduced a new product named 'LACR', that provides liquidity to clients requiring funds for their business purposes. LACR will be useful to constituents for expanding, modernizing or improving small / medium scale businesses.

Overdraft Against Demat Shares (OADS)

The Retail Assets Division has expanded the OADS offering to retail customers. The product provides instant liquidity against customer's shares (from Banks 'Approved Security' List), while keeping the ownership with the customer.

Term Loan grew by 41%	Revenue up by 29%
Working Capital grew by 34%	Retail Book up by 44%
Old Assets grew by 35%	Savings Book up by 42%
Loan Against Property 50%	

Credit Cards

The Bank's Credit Cards business has completed 4 years. Since its purchase from Deutsche Bank, it has scaled up and grown in distribution and profitability while remaining focused on the quality of receivables. The focus of the business during the year was to take measured steps towards further enhancing distribution through the emerging opportunities in online and digital channels, while penetrating into new non-metro locations. The Bank also added to its robust product range through Credit Cards offerings targeted at specific customer segments.

With the objective of further expanding its geographical reach, the business moved into new cities including Amritsar, Jodhpur, Bhubaneswar and Surat. As part of its strategy to use digital channels for acquisition of new customers, the Bank also tied up with multiple online channel partners.

With airline travel having reached homes of the Indian consumer, the Bank launched a co-branded Card in strategic partnership with Jet Airways, India's leading full-service airline. The product has been launched in 2 variants: The Odyssey and The Voyage Cards, both available on the Visa and American Express platforms. The product has been well received and provides customers with an opportunity to earn high-rate Jet Privilege 'Frequent Flyer' Miles while using the Card for day-to-day expenses.

With the growing interest in football among the Indian youth and the growing fan following of the English Premier League, the Bank also launched the Chelsea Football Card, a proposition attractive to the young earners and aspirational segments. The Card also provides the customers an opportunity to purchase exclusive merchandise, at discounts, on the Chelsea FC website and partake of hospitality packages to home games.

The Bank also launched the Commercial Cards Business towards meeting the Plastic payments requirements of commercial and corporate

customers. This product marks the Bank's foray into facilitating Card solutions for corporate customers and provides, for the first time in India, an integrated and highly customizable expense control system for clients.

Customer outstandings have grown 42% and spends by 35%, while controlling risk. The Credit Bureau continues to play an important role in Risk underwriting, and astute use of the Bureau data along with stringent underwriting norms has ensured that the portfolio continues to perform well. Multiple portfolio actions have been undertaken during the year, along with a focus on improving e-Com spends, a high growth area for the future.

The Bank has tie-ups with all the three leading network partners, Master Card, Visa and Amex, and has launched multiple EMI programs to facilitate customer convenience and has built significant receivables from these initiatives. The Bank is fully compliant on issuance of CHIP and PIN, in line with the requirements of RBI.

The business has focused on product quality and differentiated service delivery, and has driven client engagement through customer-centric programs founded on Analytics and Data-centricity. With growing product sophistication and leverage of new and emerging channels of distribution, the business is well placed to register robust growth.

Consumer Finance

The Consumer Finance Division (CFD) extends funding for a wide range of Vehicles / Equipment, which includes Commercial Vehicles, viz., Heavy, Light and Small vehicle segments used both for goods and passenger applications, Passenger Cars, Utility Vehicles, Two-wheelers, and Construction Equipment such as Excavators, Loaders, Tippers, Cranes, etc.

Finance is extended for both new and used assets in all the above segments. During the year, the Division launched the funding of Tractors, a major initiative towards Priority Sector Lending.

The year 2014-15 witnessed continued slowdown in the automobile segment, with the segment witnessing growth of only 7.22%. The Commercial Vehicles segment declined 2.83%, largely due to a decline of 11.57% in sales in the Light Commercial Vehicles segment. Medium and Heavy vehicles segment registered growth of 16.02% over the previous year. The Passenger Vehicle segment grew by 3.90%, Three-wheelers by 10.80% and Two-wheelers grew by 8.09% (Source - SIAM data). Construction segment showed de-growth of 10% (Source - Manufacturer Data).

Aggregate disbursement made during the year was ₹15,534 crores, registering growth of 10%. New loan accounts numbering 9.78 lakh loans were concluded in 2014-15, as against 9.26 lakhs in 2013-14. Growth of 6% in fresh loans disbursed was thus healthy, looking to the slowdown in the vehicle segment.

The focus during the year was on optimizing the product mix to maximize yields, while maintaining portfolio quality despite the industry slowdown.

During the year 2014-15,

Used Vehicles loans
disbursed were

₹ 2,779 Cr.

**growth
of 3%**

In the new vehicle segment, loans for Medium and Heavy Commercial Vehicles registered growth of 41% to ₹ 3,336 crores, which was better than the industry growth. Loans for Two-wheelers grew by 6%, with disbursement of ₹ 2,791 crores. Number of Two-wheeler loans disbursed grew to 7.05 lakhs, up from 6.79 lakhs. Disbursement in cars grew by 16% to ₹ 1,816 crores, up from ₹ 1,555 crore in 2013-14. Tractor loans disbursed during the year amounted to ₹ 245 crores (6,343 nos.).

This Division also earned Commission income of ₹ 26.27 crores, primarily through distribution of third-party insurance products of Cholamandam MS General Insurance, strategic partner of the Bank for bancassurance under the General Insurance segment.

The operations of this Division are efficiently supported by document storage and retrieval facility at the Bank's Karapakkam Unit (near Chennai), which handles processing of Loan Documents and maintenance of records. This Unit handled 1.8 million Loan bookings and closure transactions and 24.5 million customer service / accounting transactions during the year 2014-15.

The Bank's Data Centre, also located at Karapakkam, has state-of-the-art facilities in terms of data / equipment protection mechanisms and is equipped with access

rights with sensors to facilitate monitoring of movement within the Centre. The Data Centre has a backup at the Bank's G. N. Chetty Road premises, as part of Business Continuity Planning.

During the year, Hand-Held Terminals were deployed pan-India to handle CFD's collection activity, thus enhancing process efficiencies and facilitating real-time collection monitoring.

Corporate and Commercial Banking Group

Corporate Banking

Corporate & Investment Banking (C & I) provides Universal Banking Solutions to large Indian and multinational corporates. Over the years, this unit has become a banker to almost all the well-known industrial houses of the country and actively participates in their short-term and longer-term financing requirements.

- The Group has built specialist capabilities in executing structured solutions in the Trade Finance and Foreign Exchange hedging for its clients.
- This has increased penetration in the top corporate groups through a variety of funded and non-funded transactions including trade products, foreign exchange products and Investment Banking activities.
- The group consolidated on its strong reputation as a provider of innovative solutions to complex funding requirements, with quick turnaround times.

During FY 14-15, this business grew strongly on both Assets and Liabilities. The Group was very successful in adding prestigious new-to-bank clients to the portfolio using innovative product offerings. Core fees from Trade and Forex grew well, with active participation in working capital and term financing needs.

Public Sector Group

- The Group handles relationships with more than 150 Public Sector clients, including Maharatnas and Navratnas.
- The Business was successful in securing entry into Consortium financing arrangements of many esteemed Public Sector Units (PSUs). The Group successfully executed several E-Procurement mandates from key PSUs, by providing strong technology-based solutions.

Investment Banking (IB)

- Investment Banking at the Bank has 3 main businesses: Debt Capital Markets (DCM), Advisory (M&A and Private Equity) and Structured & Project Finance. This positions the Bank as a partner through the entire life cycle of growth-oriented corporates.
- IB has emerged as a stable provider of large non-interest income for the bank. Due to strong origination and structuring skills, the Bank is now considered as an innovative solution provider in helping corporates raise funds through customized structures that meet varied needs.

- During the year, the bank successfully underwrote and sold down loans to various investors of more than ₹ 4,500 crore and secured for itself an enviable position amongst Private Sector banks in the Loan Underwriting League Tables.
- The year also saw the launch of Project Finance, with focus on specific sectors like Wind, Solar, Roads, Port, Logistics and Power Transmission. With strong domain expertise in these sectors, the Bank was able to win Project Underwriting and Syndication mandates from several large reputed Indian corporates.

Financial Institutions Group (FIG)

- FIG manages relationships with domestic and international banks and Financial Institutions.
- The Group manages a large network of correspondent banks across the globe. These relationships in different geographies support the scaling up of the Trade and Treasury

businesses of the Bank and ensure seamless execution of cross-border deals. The Group also successfully raised foreign currency resources from key correspondents which helped support the lending book in Foreign Currency, thus augmenting the Bank's liquidity needs and facilitating reduction in costs.

Capital & Commodities Markets Division

- The Capital and Commodity Markets Division focuses on serving Capital and Commodity Exchanges and their Members.
- The Bank is a Clearing-cum-Settlement Banker to both NSE and BSE in the Capital and Futures Market segments, and to all the Commodity and Currency Futures Exchanges in the country.

Commercial Banking Group

Set up with a view to target the 'sweet spot' of the Indian corporate space, the Commercial Banking Group focuses on companies in the fast growing Mid-Market segments.

The Bank's initiatives in Supply Chain Finance, Agricultural Business Finance, and Inclusive Banking are also housed within this Business Unit.

The broad business theme of the Group is centred on the following:

- Offering a full bouquet of customized products to clients, for their Working Capital and other Term/ Structured Finance requirements;
- Increasing the client-base to create a sustainable earnings stream for the Bank;
- Increased cross-sell through alignment of Relationship Managers and the Product Groups, i.e., Transaction Banking, Global Markets and Investment Banking;
- Offering structured solutions through Transactional and Investment Banking products to clients for specific needs; and

- Meeting the stipulated Priority Sector Lending requirements through its Inclusive Business Group and Agricultural Business Group initiatives.

The highlights of the year are:

- Focus had been laid on building a sustainable working capital client portfolio, and the year saw further strengthening of this position.
- The Group has been widening its client-base for higher growth and greater diversification of risk.
- The Group successfully concluded select large investment banking transactions, evidencing the emphasis on capturing opportunities in this high growth segment.
- Increase in product offerings to the clients. Special emphasis was laid on concluding structured Foreign Exchange (FX) as well as Trade Finance deals. CMS, NCD & Dividend Mandates were successfully concluded, showcasing the Bank's capability to offer innovative customized solutions.

Inclusive Banking Group

The Inclusive Banking arm of the Group has been leading the market and has pioneered the launch of the 'Business Correspondent Model', with Microfinance Institutions providing micro loans to weaker sections of society. The Program is now geographically well-diversified and currently spread over 79 districts across 10 States with a network of 386 MFI branches.

This Group actively works with more than 17,00,000 clients, of which about 12,60,000 clients were reached directly and the remaining nearly 5,00,000 clients through indirect channels. All clients are women, providing with micro loans for productive purposes.

Agri Business Group

The Agri Business Group is focused on specific banking requirements of key players in the Agricultural Value Chain.

The Group offers products such as Pledge Finance, Agri Promoter finance, and Agri Infrastructure finance. The Group's activities are spread over 14 States and 53 locations, providing services to about 750 active clients.

Agri SME, another arm of the Agri Business Group, provides specialized services to clients in the agriculture infrastructure and processing segment. It has a committed team of specialized agriculture finance professionals to cover all segments of the agriculture value chain. This Division has scaled up innovative and compliant products such as Agri Project Finance, Agri Trade Finance, and Agri Infrastructure finance. In its two years of operations, the vertical has been able to establish itself as a significant player in the Dairy and Agri Infrastructure segments.

Supply Chain Finance

Supply Channel Finance division works with over 870 dealers of automobiles and other products, and provides short-term inventory finance through 30 different specially designed programs for individual industries.

Global Markets Group

Global Markets Group (GMG) comprises three main functions: Trading in Rates, Foreign Exchange and Derivatives, Sales (Client Risk Solutions across foreign exchange, interest rates and derivatives) and ALM (Asset and Liability Management).

The financial year 2014-2015 had witnessed mixed economic and political headwinds, domestically as well as globally. The domestic markets had been comparatively insulated to most of the shocks and the foreign exchange and interest rates moved in a narrow band. The year started with a change in political leadership and economic guidance to control the spiraling inflationary trend. The newly elected Government announced a road map for economic upturn, especially development of infrastructure and rationalization of approvals and removal of unwanted legislations. Domestic markets began the year optimistically with an expectation of decisive economic change. Many positives were witnessed on the macroeconomic front with CPI, year-on-year inflation rate, coming off to 5.37% in February 2015 from 8.48% in April 2014. Reduction in global commodity prices have led to an improvement in the current account deficit and combined with resurgence of capital inflows, have enabled a stable rupee when most global currencies have been depreciating against US Dollar. Foreign exchange reserves had grown from USD 304 billion to USD 340 billion during the year, partly due to frequent foreign exchange intervention by the Central Bank to keep Rupee in a range against US Dollar. The continuous falling trend in global Brent crude prices from high of \$101 / bbl in April 2014 to a low of \$50 / bbl in January 2015 and around \$58 / bbl at the year-end aided reduction of fiscal deficit of the country.

In order to boost growth and in response to

falling inflation, the Reserve Bank of India cut policy rates twice by 25 basis points each in January and March 2015 as a signal to banks to reduce lending rates. In addition, RBI made several regulatory changes during the year which included introduction of Liquidity Coverage Ratio (LCR) and formalized implementation of Basel III capital norms. Against this backdrop, banks have managed productivity and efficiency levels through liquidity and resource mobilisation strategies that proactively factor in the changing market conditions. The focus in the coming year remains on the response of RBI to falling inflation and impending US rate hike as well as new economic reforms in areas like mining, telecom, land acquisition, etc. for boosting economic growth.

The Money Markets and Balance Sheet Management unit of the Bank manages the Regulatory requirements related Cash Reserve Ratio (CRR) and Statutory Liquidity Ratio (SLR), Asset Liability Management and Funds Transfer Pricing in order to manage and mitigate market and liquidity risk in the Balance Sheet. The liquidity and resource mobilisation strategy proactively addressed the Structural liquidity risk conditions and achieved a significant cost reduction in Bank's sources of funds with a good mix of term deposits, market borrowing and refinance.

The Trading Desk in Rates and Foreign Exchange aims to maximise the Bank's revenue by taking proprietary positions in the Rates and Rupee market as well as G-7 currencies with a strategy of timely entry and exit. The Interest Rate Trading Desk had increased trading volumes in SLR securities and revenue besides dealing in exchange traded Interest Rate Futures (IRF) to optimise profits. The Bank has been recognised by the National Stock

Exchange as one of the top performers in IRF segment. The Derivatives Desk had undertaken long term currency and interest rate swaps and executed large size deals with established market counterparties. The Desk also successfully commenced market making in FCY / INR options during the year.

The Credit Trading and Sales Desk set up a year back had a successful year and significantly enlarged its activities by originating, syndicating and underwriting debt products including Non-Convertible Debentures, Commercial Papers to clients. The Desk had originated and successfully taken to the market, tailor-made debt structures to suit the needs of the Clients and the Investors, thus enhancing client value and fee income. The Desk continues to focus on client solutions with a view to maximise revenue and managing risk, rather than targeting league tables.

The Client-facing team in Global Markets Group is broadly segmented into three parts - the CRS team (Client Risk Solutions), the SRS team (Structured Risk Solutions) and the Bullion team. The Client Risk Solutions (CRS) desk advises Institutional and Corporate Clients on their foreign exchange and interest rate related exposures and provides tailor-made solutions to hedge such exposures. The spectrum of advisory services include, domestic as well as cross-border transaction flows and related risk management of the exposures on clients' Balance Sheet. CRS covers the entire country through dealers/ dealing centres at Ahmedabad, Bangalore, Coimbatore, Chennai, Gurgaon, Hyderabad, Jaipur, Kolkata, Lucknow, Ludhiana and Mumbai. During the year the CRS team extended FAST FOREX - the internet-based Foreign Exchange platform, to a wider Emerging Corporate Client base and branch network, thereby ensuring faster delivery and access to real time market prices.

The SRS team analyses and advises the Bank's corporate clients, of the ideal derivative products to contain their foreign exchange or interest rate risk. The Bullion desk, with the back drop of changing regulatory

provisions related to import and export of gold, helped clients on import of metal as well as ensuring exports, in accordance with the regulatory changes prevailing from time to time.

The CRS desk successfully handled various large onshore foreign exchange flow transactions of corporate as well as Financial Institutional clients. During the year, the team executed large-tenor Currency and Interest Rate Swap deals with Financial Institutions/ PSU clients. CRS desk's timely advisory on structured derivative solutions helped increase mindshare amongst large and medium corporate and institutional clients and the desk saw a healthy upsurge in client volumes.

Bank has well laid-out operational policy guidelines, risk management policies, including client suitability policy and appropriate systems support to monitor transactions and risk on real-time basis. The sustained growth of the Global Markets Group and its ability to offer new products and solutions, encompasses need for automation and upgradation of the technological environment. In this direction, the Bank has implemented Calypso, an integrated treasury application interfaced with the Risk monitoring

system to expand its client offering and market making. The Calypso application has gone live for derivatives products as well as risk management thereof. The next phase of Fixed Income, Money

Market/ ALM and Foreign Exchange products in Calypso is currently under testing and expected to go live in the quarter beginning July 2015.

Transaction Banking Group

The Transaction Banking Group (TBG) provides solutions under Cash Management, Trade Services, Supply Chain Finance, Commodity Finance, Global Remittances, Electronic Banking and the Gems & Jewellery sector.

In FY14-15, the Bank saw the global remittance business experience robust growth across multiple products. The product revenue witnessed a consistent y-o-y growth of over 32%. The overall Agricultural Advances (i.e., Direct Agriculture and Indirect Agriculture) of ₹ 7,984.73 crores, are 14.12 % of the ANBC at the

end of March 2015, reflecting absolute growth of ₹ 2,768.17 crores during the year.

Advances to other segments of Priority Sector

The Bank's finance to 'Weaker Sections' increased by ₹ 1,059.92 crores and stood at ₹ 4,745.11 crores, representing 8.39% of ANBC as at the end of March 2015.

Finance to small enterprises represented

26.50% of the ANBC
at the end of March 2015.

Approach to Priority Sector Lending (PSL)

The Bank continues to pursue Priority Sector advances, including those relating to Agriculture / Micro and Small Enterprises / Weaker Section advances.

Various Business Units in Corporate, Commercial and Consumer Banking Groups have built specialized teams to significantly enhance the Bank's footprint in the PSL segments.

Specific plans and strategies for achieving targets and sub targets under priority sector lending have been formulated some of which are indicated below:

- Financing Agri Infrastructure viz., warehouses, cold storages, godowns, market yards, silos, etc.
- Financing farmers / entities engaged in coffee / tea / rubber industry & plantation for paper pulp.
- Finance upto ₹ 5 crore per borrower to dealers / sellers of fertilizers, pesticides, seeds, cattle feed, poultry feed, agricultural implements and other inputs.
- Financing dairy segment for capital expansion and working capital requirements.

- Direct lending through Service Providers under the Partnership Model for meeting the Agri, MSME and Weaker Sections.
- Loans to MFIs for on-lending to farmers for agricultural and allied activities eligible for Priority Sector.
- Financing farmers/JLGs against hypothecation of agricultural produce.
- Financing farmers for transport of their own agriculture produce.
- Financing farmers for supply of various Agri and Allied commodities, viz., Sugarcane / Oilseeds / Milk / Rubber, etc.
- Financing Agri and Allied Projects viz., Horticulture, Dairy Farming, Poultry Farming, Bee-keeping, Aquaculture, Floriculture, etc.

Risk Management

With progressively increasing globalisation of financial markets, the spectrum of risks the banks are exposed to has enlarged and become more complex, requiring efficient systems and mechanisms for identification, measurement, monitoring and management of risks. A robust Enterprise-wide Risk Management (ERM) framework enables effective and proactive management of various risks while supporting business growth. ERM framework helps reduce volatility in earnings and enhances shareholder value.

The ERM framework provides single-window view of the risks the Bank is exposed to and facilitates effective management of associated risks in an integrated manner. Bank has an integrated Risk Management Department, independent of business functions, covering Credit Risk, Market Risk, Assets-Liabilities Management (ALM) and Operational Risk including Information Security Risk functions. Risk management practices in the Bank have been aligned with best industry practices and being enhanced progressively, adapting to dynamic business environment and market conditions.

Credit Risk Management

Key objective of Credit Risk management is to maintain credit quality within the defined risk appetite, while achieving appropriate return in relation to risks assumed. Credit Risk is managed both at transactions level as well as portfolio level. Various measures adopted for management of Credit Risk are summarised hereunder:

- Credit Risk policies are aligned with business strategies and RBI guidelines.
- Credit Risk rating models implemented for different business segments enable assessment of risk of obligors at the time of credit approval and monitoring thereafter.
- Credit Portfolio Management Analysis to monitor credit quality, composition of portfolios, concentration risk, monitoring risk vis-a-vis returns and business growth.
- Measurement and monitoring of credit quality regularly by means of Weighted Average Credit Rating (WACR) of the credit portfolio.
- Prudential internal limits prescribed for assuming exposures on counterparties, industries, sectors, etc.;
- Consumer Finance portfolios - Measurement of credit quality by means of Behaviour Modeling.
- Counterparty banks and countries - Management of exposures by setting exposure limits basis their risk profiles and monitoring the exposures regularly.
- Stress Testing of credit portfolios to measure shock absorbing capacity under multiple stressed scenarios and assessment of impact of potential credit losses on profitability and capital

adequacy, thus enabling initiation of appropriate risk mitigation measures.

- An advanced Credit Risk Management System is under implementation. The system shall enable adoption of advance approaches of Credit Risk under Basel II.

Economic conditions, operating environment constraints and sluggish global economic growth posed challenges. Even during such market conditions Bank has been able to maintain its credit quality and business growth. Bank's restructured assets are among the lowest in the industry. Both the Corporate and Retail Loan Book have remained resilient.

Products launched during the year, viz., Tractor Financing and Commercial Cards are governed by structured product programmes specific to the business, incorporating robust criteria on customer selection and underwriting standards.

Market Risk Management

Market Risk arises from changes in interest rates, exchange rates, equity prices and risk-related factors such as market volatilities.

The Bank manages Market Risk in trading portfolios through a robust market risk management framework prescribed in its Market Risk Management Policy.

The Bank's state-of-the-art Market Risk Management System incorporates advanced risk measurement functionalities, which

enable adoption of Internal Model Approach for computation of Capital Charge towards market risk. It has strengthened monitoring of VaR, computation of risk sensitivities, Stress Testing and the Capital computation framework, and thus helped in managing market risk proactively in volatile market conditions.

The framework includes monitoring of PV01 limits, Value-at-Risk (VaR) limits for Forex, Investments, Equity and Derivatives Portfolios, besides Stop-Loss limits, Exposure limits, deal-size limits and various operational limits, etc.

Market Risk Management Group functions independent of Treasury business, and is responsible for:

- Designing comprehensive policies framework for Funds and Investments, Foreign Exchange Dealing, Derivatives and Equities, Market Risk Management;
- Implementation of advanced measurement methodologies for monitoring and management of market risks associated with respective portfolios;
- Monitoring market risk exposures in line with risk limits prescribed in the policies.

Asset-Liability Management (ALM)

The Bank's Asset-Liability Management System supports effective and efficient management of liquidity risk and interest rate risk, covering all assets and liabilities of the Bank.

- **Liquidity Risk** is managed through Dynamic Liquidity monitoring, Structural Liquidity Gaps, Liquidity Ratios analysis, Liquidity Simulation, Behavioral analysis of liabilities and assets and prudential limits for negative gaps in various time buckets.
- **Interest Rate Sensitivity** is monitored through Rate Sensitive Gaps, Earning at Risk, Modified Duration of Equity, other risk parameters and prescribed prudential limits thereof.

- **Interest Rate Risk** on Investment portfolios is monitored through, PV01, VaR and Modified Duration on a daily basis. Risk optimization is assumed through above risk parameters, to balance between risk containment and profit generation from market movements.

The Bank has implemented framework for computation of Liquidity Coverage Ratio (LCR) in line with regulatory guidelines. Detailed analysis of liquidity position, interest rate risks, product mix, business growth, interest rate outlook, etc. is carried out and presented to the Asset - Liability Management Committee (ALCO) which meets frequently and deliberates on liquidity position, interest rate outlook, and reviews the business strategies.

ALCO provides directional guidance to Business Units towards effective management of liquidity while achieving business goals. The Bank assesses its structural liquidity position on a daily basis for managing liquidity in a cost-effective manner.

Stress Testing – Liquidity Risk

Stress Tests help to be better equipped to meet stressed situations and keep contingency funding plans in readiness. Stress tests of liquidity position are carried out under multiple stressed scenarios to assess their impact on the liquidity position.

Contingency Funding plan

The Bank has instituted a detailed Contingency Funding plan covering available sources of funds to supplement outflow of funds in the event of stressed scenarios.

The plan has defined roles and responsibilities of concerned Senior Executives assigned with execution of contingency plans. The Contingency Funding Plan incorporates contingency trigger levels which are monitored regularly, with a mechanism to

respond swiftly to any stressed market conditions. The contingency plans are reviewed periodically, considering evolving market conditions.

Interest Rate Risk on Banking Book (IRRBB)

Interest Rate Risk largely arises on account of: (i) Re-pricing risk; (ii) Optionality; (iii) Basis risk; and (iv) Yield Curve risk.

With the objective of minimising sensitivity to changes in interest rates, interest rate risk is measured and monitored in terms of re-pricing behaviour of each of the items under Assets, Liabilities and off-Balance Sheet products. The Bank's Assets and Liabilities Management Policy has laid down limits basis risk appetite and the impact on NII and Economic Value of Equity (EVE) for a given change in interest rate.

Operational Risk Management

The Bank has put in place appropriate systems to ensure that key operational risks are managed in a timely and effective manner through a framework of policies and standard operating procedures. Various operational risk frameworks have been implemented, which enable identification, assessment, monitoring and management of such inherent risks in businesses.

Operational Risk is the risk of incurring loss due to failure of systems, technology, processes, employees, projects, disasters,

external factors, frauds etc., including legal and regulatory risk. Operational Risk occurs on account of human error, failed processes, inadequate systems, fraud, damage to physical assets, improper behaviour, or external events.

Bank's Risk Management Department undertakes various initiatives under its Operational Risk Management (ORM) Framework and provides necessary direction towards mitigation of such risks. ORM Framework comprises Policy Guidelines, Risk and Control Self-Assessment (RCSA), Loss Data Analysis, Key Risk Indicators (KRIs), Risk Profiling of branches, implementation of Basel II and RBI Guidelines, etc.

RCSA of all major functions is carried out periodically and necessary risk mitigation plans are designed and implemented. Loss Data Analysis, basis internal as well as external loss data, is carried periodically out to identify trends and reinforce controls to mitigate such operational risks. Incident Reporting tool has been implemented which enables reporting of operational risk incidents across Bank and monitoring actions thereof for mitigation of risks.

Advanced Measurement Approach

The Bank has implemented several qualitative aspects under the Advanced Approach of Operational Risk, including scenario-based assessment for identification of plausible operational risks. The scenario analysis shall be used in creation of statistical models with respect to computation of operational risk capital charge under Advanced Measurement Approach.

New products / processes are assessed for associated risks before their launch. Risk Rating of new products and processes is carried out in an objective manner which enables risk-based decision-making for introduction of new products and processes.

All new products / processes are approved by

Operational Risk Management Committee (ORMC), which identifies risks inherent in the products and prescribes risk mitigation and controls.

The Bank's audit mechanism covers periodical on-site audit, concurrent audits and off-site surveillance enabled by advanced technology-driven processes and the Core Banking System.

The Bank has implemented a comprehensive Bank-wide Business Continuity Plan to ensure continuity of its critical functions during disruption / disaster situations.

Systems Risk

As part of Systems-related Operational Risk Management initiatives, the Bank has:

- Implemented a comprehensive Business Continuity Plan (BCP) to ensure continuity of its critical business functions and extension of banking services to its customers;
- Established an effective Disaster Recovery Site in a different seismic zone, with on-line real-time replication of data, both in Mumbai and Chennai;
- Instituted a comprehensive Information Security Policy and Framework to ensure complete data security, confidentiality and integrity;
- Housed its Data Centre in a professionally managed environment with sophisticated and fool-proof security features and assured supply of utilities.

Financial Restructuring and Reconstruction Group

Activities relating to recovery of non-performing loans and restructuring of stressed assets are handled by the Financial Restructuring and Reconstruction Group (FRRG).

The Bank has actively utilized the Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 for recovering its dues, wherever appropriate.

During the year, the Bank recovered an amount of ₹ 15.74 crores in written-off accounts (Previous Year: ₹ 35.72 crores). The Net NPAs of the Bank stand at 0.31% of the Total Advances (Previous Year: 0.33%), while the ratio of Gross NPA

percentage of Total Advances amount is 0.81% (Previous Year: 1.12%).

During the year, the Bank has commenced a new activity in the form of lending / investment in special situations assets through a dedicated team housed within the Financial Reconstruction & Restructuring Group. With the expertise that is residing in the FRRG for resolving stressed assets of the Bank, it is felt that the Bank can profitably deploy the expertise in acquiring, nurturing and resolving special situations clients that may or may not have been Bank's customers.

Banking Operations

The Bank has strengthened the policy framework on "Know Your Customer" (KYC) norms and "Anti Money Laundering" (AML) measures from time to time, in line with the policies of Reserve Bank of India. The Bank has implemented a simplified procedure of "Know Your Customer" which will benefit lower income group persons to open accounts with minimal documentation.

The Bank had implemented a state-of-the-art Workflow and Imaging System for account opening, booking fixed deposits and processing trade finance transactions as also Third Party products sales operations and branch expenses processing.

The System enables faster turnaround times, and movement of work from branch locations across the country to the Central Operations Unit in real-time, thus cutting out the time that physical forms would take to arrive through courier. This has helped in freeing up manpower at the branches to tend to customer service as well as

help provide online status of processing of customer requests / new applications.

The Bank is a member of Banking Codes and Standard Board of India (BCSBI), which was set up to ensure that banks in India adhere to a voluntary Code, which sets minimum standards for fair treatment to customers availing of banking services. The Bank has made a commitment to adhere to all the provisions of the Code prescribed by BCSBI. The Bank has taken steps to implement the provisions of the Code of Commitment to the Customers (Individuals). The Code is displayed at all the branches and the same is also posted on Bank's website in thirteen languages. The Code had been further revised in January 2014, and was adopted by the Bank with approval of the Board of Directors.

The Bank has also adopted the "Code of Commitment to Micro and Small Enterprises" (MSE Code) issued in June 2008 for customers belonging to Micro and Small Enterprises segment.

This Code was further revised in 2012 by BCSBI and duly adopted by the Board of Directors. It sets the minimum standards of banking practices.

The Bank has also formulated the Policy on 'Financing to Micro, Small and Medium Enterprises', and the same is hosted on the Bank's website.

The Bank is participating in clearing through Cheque Truncation System (CTS). As on March 31, 2015, the Bank had 111 locations covered under the Grid Clearing, through its three CTS centers at Mumbai, Chennai and Delhi.

The Bank has also started participating in NACH (National Automated Clearing House) transactions both for Debit and Credit (ECS) at Mumbai, as also Aadhar-Based Payment System (ABPS) transactions through NPCI.

The Bank has sharpened internal controls and compliance through the following:

- Separate and independent Compliance function has been set up for Bank-wide compliance;
- Instituting of the Vigilance function;
- Expenses Management Software has been deployed at all branches for facilitating cost control;
- Standard Operating Procedures have been defined for processes at branches to ensure consistency of delivery with the expanding branch network;
- Branch Monitoring Unit is entrusted with regular monitoring of branch operations; Voucher verification process has been operationalised for checking all the entries posted by branches; and
- The Process Adherence and Quality function has been operationalised for attaining uniformity in processes followed by branches, to minimise Operational Risk.

The Bank has adopted a "Comprehensive Policy", in pursuance of RBI advices, on settlement of claims in respect of deceased depositors. The Policy covers all types of deposits, and has simplified the procedure for settlement and forms are provided on the Bank's website.

The Bank has adopted the "Best Practice Code", relating to transaction processing, with the objective of documenting the procedures in line with national and international best practices.

The Bank has put in place a "Deposit Policy" and a "Fair Practice Code". While the former outlines the guiding principles in respect of various products of the Bank, the terms and conditions governing the operations of the accounts and the rights of depositors, the Fair Practice Code is a voluntary Code establishing standards to be followed by all our branches in their dealings with the customers.

The Bank has framed the "Citizen's Charter" to promote fair banking practices and to give information in respect of various activities relating to customer service.

The Bank has put in place "Compensation Policy" as part of the commitment to customers to compensate them in case of the Bank being unable to meet the service levels committed to the customers. The main objective of the policy is to establish a system whereby the Bank shall compensate the customer for any direct and actual loss by way of internal loss / payment of charges by customer due to deficiency in service, to the extent mentioned in the policy. The policy is based on principle of transparency and fairness in dealings with customers.

The Bank has framed the "Unclaimed Deposit Policy" based on RBI guidelines with objective of classification of unclaimed deposits and setting up the grievance redressal mechanism for quick resolution of complaints and record-keeping. Further, as per RBI directives, w.e.f. June 2014, balances in unclaimed deposits and other accounts have been transferred to "Deposit Education and Awareness Fund" (DEAF). Details relating to accounts unclaimed have been duly uploaded on the website.

Corporate and Global Markets Operations (CGMO)

The Corporate & Global Market Operations Group manages operations relating to Trade Services, Cross Border Remittances, Supply Chain Finance, Treasury, Foreign Exchange and Derivatives, Cash Management Services, Payments, Depository and Capital Markets servicing of all clients across both the Corporate and Retail segments. CGMO continued its focus on Operational Efficiency, Risk Management and Client-centric initiatives.

The Operating Model was strengthened with enhanced focus on centralization of processing activities. The two Trade Processing Hubs in Chennai and Mumbai were made independent, thereby leading to improved BCP capability and faster turnaround times. Processes like Bank Guarantees, inward remittances, reconciliation and bullion processing were centralized. There was an increase in number of locations providing support for CGMO products. This has resulted in significant improvement of turnaround times and client experience. The Bank continues to be among the market leaders in handling 'Bankers to the Issue' mandates for IPOs and in Tea Trade Settlements. Significant growth in volumes has been seen in all areas.

There has been increased focus on Operational Risk Management with the formation of a dedicated Analytics, Information and Metrics Unit with the CGMO Operational Risk Team. The Team has a primary objective of intelligently using information and metrics to identify potential risk events. Regular risk reviews across all processing centers continued.

Several client-centric initiatives were completed resulting in an improvement in client experience. A Centralized Service Desk (CSD) was set up in Chennai with both voice and e-mail support. There were other initiatives such as implementation of an online Welcome Kit for Corporate Clients and a strengthened Client Complaint Management System.

CGMO continued in its journey towards 'Continuous Improvement' with the objective of delivering client satisfaction and year on year efficiency benefits. This program focuses on increasing 'Client Delight', 'Empowerment' and 'Rewards & Recognition'. As part of this initiative, over 500 process improvement initiatives were implemented by staff resulting in efficiency enhancement and risk reduction on improved client experience.

Focus on people development initiatives continued. Over 15,000 man-hours of training were delivered during the year aimed at creating a strong knowledge force. Trainings delivered covered product features, risk awareness, regulatory requirements, continuous improvement and soft skills like communication, team effectiveness and leadership skills.

CGMO made significant progress in the re-platforming of the Treasury and Market Risk Management Systems (for the Global Markets Group), the Trade Finance system and Currency Derivative systems. These state-of-the-art systems will be capable of handling high volumes of complex Global Market products, will support effective risk management, and will significantly boost capabilities in these product segments and offer clients with world class products and services.

Internal Control Systems and their adequacy

Operational Controls

The Bank has laid down the policy framework related to "Know Your Customer" (KYC) norms, "Anti Money Laundering Measures" (AML) and Combating of Financing Terrorism (CFT). The policy has been framed on the basis of recommendations of the Financial Action Task Force and the Paper issued on 'Customer Due Diligence for Banks' by the Basel Committee on Banking Supervision. The AML software that has been implemented effectively has brought the operations risk under control. A systems solution has been implemented to operationalise Re-KYC guidelines and follow up on outstanding discrepancies.

In accordance with RBI's recommendations, a Standing Committee on Customer Service (SCCS) formerly known as Committee of Procedures and Performance Audit of Public Services in Bank, comprising senior functional heads of the Bank and a few customers, has been established. The Bank has also constituted a Customer Service Committee of the Board of Directors (CSCB) to review the performance of the SCCS.

Customer Service

The Bank has constituted Branch Level Customer Service Committees (CSC) at all branches, comprising employees and customers. CSC meetings are convened every month to examine complaints / suggestions, cases of delay, difficulties faced / reported by customers / members of the Committee. Feedback and suggestions are submitted to SCCS.

SCCS examines and provides relevant feedback to the Customer Service Committee of the Board for necessary policy / procedural action.

In May 2009, the Bank implemented "Talisma", a 'Customer Requests, Complaints and Requests

Management System'. The key objective of this solution is to have a single system to track requests, complaints and queries at customer level so that the service standards as set out by the Bank are managed and enhanced. The System has been implemented across all branches and the Bank's Contact Centres in Mumbai and Chennai.

Grievance Redressal Mechanism

The Bank follows the Board-approved "Grievance Redressal Policy", which lays down a defined escalation process for all customer complaints received at branches and at Corporate Office within the overall framework of RBI guidelines.

A quarterly report related to complaints received and redressed is placed before the Board of Directors. Based on the recurrence of complaints in specific areas, causative factors are identified and necessary remedial measures are initiated.

The Bank maintains a dedicated page for lodging of complaints and complaint redressal mechanism on its website www.indusind.com where information on the escalation process and the details of the Nodal Officer / Regional Managers to receive complaints has been furnished.

These details are also displayed at the Bank's branches. Details of the Banking Ombudsman Scheme, 2006 are also displayed at Branches and provided on the website.

A link has been created in the Bank's website for a "Complaint Form", which gives opportunity to all customers to air their grievances in a simplified way and get their complaints redressed without delay. Further, customers can contact the respective Branch Manager or Call our Contact Center on toll-free number or send email to customercare@indusind.com to lodge their grievances.

Internal Audit

The Bank's Internal Audit function is adequately equipped to make an independent and objective evaluation of the adequacy and effectiveness of internal controls on an ongoing basis to ensure that units adhere to compliance requirements and internal guidelines. To achieve this, comprehensive processes have been established for the Internal Auditors to ensure that all facets of the Bank's Operations are subjected to scrutiny.

The Internal Audit function undertakes a comprehensive risk-based audit of all its operating units. An audit plan is drawn up on the basis of a risk-profiling of auditee units. Accordingly, the Bank undertakes internal audit of its operating units at a frequency synchronized to the risk profile of each unit in line with the spirit of guidelines relating to Risk-Based Internal Audit. The scope of risk-based internal audit, besides examining the adequacy and effectiveness of internal control systems and external compliance, also evaluates the risk residing at the auditee units.

The Bank's Internal Audit function is operating as an integrated unit based out of different locations within the country, to cover all its operational activities. The Bank has developed an effective online surveillance system by using its fully networked Core Banking Software, well-defined and strong internal controls, need-based access to computer systems and clear audit trails which have helped to mitigate operational risks. Further, to complement the Internal Audit Function and have real time supervision and control, critical units of the Bank are covered under concurrent audits.

Post issue of Audit Reports, there is a process for monitoring of progress on implementation of action plan. Status of resolution tracking as well as pending issues is reported to Top Management and Audit Committee of Board on a regular basis.

To ensure independence of Internal Audit, the function has a reporting to the Audit Committee of the Board and only for administrative purpose to the Managing Director. Audit Committee of the Board reviews the performance of Internal Audit Department and effectiveness of controls laid

down by the Bank and compliance with regulatory guidelines.

Compliance

The Board and Management of the Bank are committed to high standards in maintaining a corporate culture of observing what is legally binding, and of embracing broader standards of integrity and ethical conduct.

The Bank has a Central Compliance Department that facilitates management of Compliance Risk. The Compliance Function undertakes macro level compliance activities namely, review of Compliance Policy of the Bank, monitoring compliance aspects, providing guidance on regulatory and statutory provisions pertaining to various business activities to the concerned functional units, and assisting functional units in ensuring that the Bank's Policies, Processes, and Products meet the regulatory and statutory requirements. The Compliance Function is a mandatory stakeholder of the Operations Risk Management Committee (ORMC) and provides signoff for a new Product/ Process routed through this channel. The Chief Compliance Officer is also the Principal Officer of the Bank under the Prevention of Money Laundering Act (PMLA).

The function also independently monitors the level of compliance at various stages. Besides the system of Monthly Compliance Certificates from branches and various Corporate Office functions, onsite Compliance Test Studies are carried out to assess the level of compliance covering the branches, the Corporate Office functions, and also various associate agencies.

To promote and strengthen compliance-culture among the workforce, the Compliance Function regularly conducts seminars for branch staff including operations executives and Branch Managers; circulates short notes on important topics, and analysis of / learnings from cases including the learnings. It also publishes monthly newsletter containing inter alia regulatory highlights.

Stephtalon was launched as a fitness initiative to promote everyday athlete in employees. "My idea" an ideation platform, continues to generate innovative ideas for business process improvement and enhancing customer delight.
- The Bank leverages technology for driving HR Operational Processes and offering superior service to its employees. There was a concerted effort to "Create a Day 0 delight" by adept handling of on-boarding process. There was seamless management of all Employee life cycle HR processes relating to Attendance, Leave, Payroll, Confirmations, Loans, Mediclaim, Gratuity, Exits, F&F, and focus was on ensuring better TATs, error free and proactive service delivery.

- The Bank espouses "Discipline and Compliance" as its core values to create a congenial workplace. Every employee has to adhere to the Bank's Code of Conduct and non-conformance is treated as an aberration and results in a punitive action against the erring employee.

Human capital is pivotal to Bank's business success. HR's strategic agenda continues to implement benchmark HR practices, which intends to offer employees a fulfilling career, work-life balance, market-linked compensation & a positive work culture. The impact of HR practices are clearly visible in terms of influx of talented professionals, and also in terms of lower attrition levels from previous years / negligible attrition at strategic managerial layers, which indicates that employees want to be a part of Bank's growth journey.

Employee Stock Option Scheme

The Bank had instituted an Employee Stock Option Scheme to enable its employees, including Whole-time Directors, to participate in its future growth.

The Scheme functions in accordance with the Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999. The eligibility of an employee and number of Options to be granted are approved by the Compensation Committee of the Board of Directors.

An aggregate of 3,45,67,700 Options, comprising 6.53% of the Bank's equity capital, have been granted. Statutory disclosures as required by the revised SEBI Guidelines on ESOS are given in the Annexure to the Directors' Report.

Shareholder Satisfaction

Towards more transparency and enhancing shareholder satisfaction, apart from frequent interaction with the Registrar & Transfer Agent, steps have been taken to obtain contact details such as e-mail IDs, cell phone numbers and telephone numbers of the shareholders so as to communicate to them the information about developments in the Bank. This direct communication is in addition to the regular dissemination of information through usual channels such as the Stock Exchanges, Press, Bank's website, RTA's website, etc.

Shareholders of the erstwhile IndusInd Enterprises & Finance Limited (IEFL), which was amalgamated with the Bank in 2003, were sent five reminders. Shareholders who did not come forward have subsequently been contacted individually through Bank's branches, encouraging them to exchange Share Certificates of IEFL for Certificates of the Bank.

Shareholders shall continue to receive best-of-class shareholder services and be promptly informed of the developments in the institution.

The Bank has been at the forefront in "Green Initiatives", and through this process aspires to graduate to paperless compliances.

Shareholders are requested to furnish their e-mail IDs at investor@indusind.com or inform telephonically on 022-66412487 to help accelerate the Bank's migration to paperless compliances.

With the implementation of the Companies Act, 2013, companies can send Annual Reports and other communications through electronic mode to

those shareholders who have registered their email addresses with the Company or made available by the Depository.

The full text of these reports shall also be made available in an easily navigable format on the website www.indusind.com under the link 'Investors Reports and Presentation / Annual Reports'. Shareholders have been intimated from time to time to claim the dividend amounts lying unclaimed with the Bank.

SEBI has reviewed the process being followed by the Share Transfer Agents (STAs) and the Depositories / Issuer Companies (in-house STAs) for effecting transmission of securities held in physical as well dematerialised mode.

In case of securities held in physical mode (in single name without nomination), SEBI have prescribed a threshold limit of ₹ 2,00,000 (Rupees Two lakhs only), i.e., market value of securities per folio, as on date of the application for transmission, for following simplified documentation. SEBI have, however, empowered Issuer Companies to enhance the value of such securities, at their discretion.

Due to difficulties faced by the legal heirs in submission of Succession Certificate / Probate / Letters of Administration, the Board of Directors of the Bank have, for operational convenience, delegated the authority to the Share Transfer Committee for approving the transmission of securities held in physical mode, in case of market value of securities of upto ₹ 10,00,000 (Rupees Ten Lakhs only) subject to simplified documentation procedure prescribed by SEBI.

Information Technology

Customer-oriented Initiatives

Video Branch:

One of the unique products launched during this year was Video Branch Service, wherein customers can initiate video chat through mobile application or web interface Video Contact Centre, Relationship Managers or Branch managers. The customer is able to experience the Bank virtually through either a simple application that resides in his Mobile Device / Tab or a one-time session through IndusInd Website. The aim of the project is to:

- Provide virtual yet personalized banking services to customers-Anywhere, Anytime using Video on Demand
- Revolutionize service by bringing banking services to the customers palms.

**Video Call Your Branch
– Anytime, Anywhere**

The solution has been built over video technology rendered over the Internet. Deployed for the first time in Indian banking environment, it required innovative design thinking. The project team tied in various components of technology and processes resulting in optimized solution. The speed of design, development and deployment has been appreciated by peers and technology partners alike.

IMPS Remittance:

In order to harness the 24 x 7 features of NPCI's Immediate Payment Service (IMPS), the Bank has developed an in-house solution to offer remittance services to customers using this facility. Initially offered as part of the Transaction Banking offering, the facility was extended to Retail customers, the first Bank to implement IMPS through Branch Banking.

Cash-on-Wheels:

Using technology to develop eligibility criteria for its large customer base and facilitate quicker decision-making, a loan product in the form of top-up loan for existing customers availing two-wheelers was introduced. Under this scheme, a pre-approved loan of ₹ 50,000 is offered to customers, based on their previous track record of repayment behavior with the Bank for their existing new Two-wheeler loan which such customers have an option to avail.

Online Payment – Chennai Municipal Corp. Property Tax:

An online integration was developed with Chennai Municipal Corporation Property Tax System to provide as part of value-added services to citizens. The Bank has set up a facility for payment of Property Tax by residents at all the branches in Chennai.

Bank's Website – Revamp:

The new website incorporates a contemporary and intuitive User Interface which helps customers to locate information with ease. The following are some of the features of the new website:

- Personalization of home page - Get news, sports and technology feeds from CNN-IBN, TOI, Economic Times, CNN etc.;
- Quick Services - Balance Enquiry, mini statement request, and statement request are now available without logging into Netbanking;
- ATM / Branch locator - Integrated with Google maps, the website auto reads customers' location and shows nearest ATM / Branch.
- CSR website - Corporate Social Responsibility site was also launched with this website.

Gold Loan Sourcing System:

A new application Gold Loan Sourcing System was developed in-house which is used for online processing of applications for Gold Loans. The design of the system and associated processes are to enable processing the gold loan application within an hour including validation of the KYC details. The application will support the Bank in increasing the fee-based income. Suitable controls and checks have been built into the application including daily valuation of the collateral, integrated with the Core Banking System and document scanning solution for maintaining the security documentation besides automation of the auto renewal and pre-closure processes to render efficiency in operations.

Customer-oriented Enhancements

Finacle Customization – Statement On Demand:

As part of our endeavors to provide customer delights, we have developed a new option on our Core Banking System whereby requests for ad hoc statements by customers were fulfilled within an hour compared to the earlier period of 24 hours.

A further improvement is an automation which facilitates sending the statement duly protected by password over an automated mail directly to the customer's registered e-mail ID without any intervention from the Branch Team, Contact Centre Team & CPU Team initiating these requests.

P@CE – Print @ Client End:

To facilitate Client-end Remote Cheque Printing to its Corporate Customers, the P@CE functionality has been introduced.

The P@CE remote printing product offers a corporate to avail benefits associated with decentralized / local printing. P@CE has completed the Bank's payment product portfolio and added a new revenue stream.

Internet Banking - Improved User Experience

The following new enhancements were rolled out to improve user experience -

- **User ID of own choice:** User will be able to choose his own username.
- **Shopping Mall Screen Revamp:** Improved screen layout and better screen utilization improves user experience.
- **IndusNet Login Page Revamp:** Customer can jump directly to Funds Transfer or Service Request module.
- **Online Booking of Recurring Deposits:** Customer will be able to open RD online through Netbanking. The RD account will be directly opened in Finacle. This has helped enhance customer satisfaction, and savings on operational overheads.
- **Alerts template change:** New and better E-mail templates for various alerts have been configured.

- **Debit Card PIN set via Net Banking:** Customer will be able to re-set Debit Card PIN online through Netbanking, instead of calling Contact Center or visiting the branch. New PIN will come into effect immediately.
- **Service Request Credit Card Replacement and Card blocking:** Credit Card can be blocked online and a replacement can be asked, without having to call Contact Centre or visit Branch.

Government-led initiatives

Integration of Account opening processes:

The following processes have been automated as part of implementation of various government-led initiatives. Manual KYC can be eliminated by using customer details available with UIDAI, via data exchange through the NPCI gateway.

Regular accounts With eKYC integration:

IWorks Account Opening process has been integrated with eKYC. After the introduction of Aadhaar Number by Unique Identification Authority of India (UIDAI), tie-up with UIDAI helps obtain customer details. Manual KYC can be eliminated by using customer details available with UIDAI, via data exchange through the NPCI gateway.

Account – Kisan Credit Card (KCC) Process:

New process for Kisan Credit Card (KCC) was launched on Bank's account processing system for automation of Kisan Loan Process. This is expected to reduce turnaround time of loan application through automation.

Account Opening Process and PMJDY eKYC integration:

For PMJDY Account Opening, an integration has been developed with the banking correspondent systems so as to fetch the customer details from UIDAI for Account Opening automatically.

Awards

Legal

There have been no significant changes in the Laws/Legislations affecting the banking industry during the year.

The Bank is not involved in any legal proceedings and is not aware of any threatened legal proceedings which if determined adversely, could result in a material adverse effect on the business of the Bank. Further there are certain legal proceedings in the context of the banking activity, which are not unusual for a bank of a comparable size.

Corporate Communications

The Bank's focus during the year 2014-15 was to transform the Bank as a high street Brand. Towards this objective, the Bank adopted various initiatives which led to increasing the brand's visibility quotient while ensuring communication with an interesting and innovative marketing approach.

In a move to digitize the banking experience further for our customers and also continuing with the Bank's ongoing theme of Responsive Innovation, an innovative service, 'Video Branch', was visualised, which allowed customers to interact face-to-face with their Bank branch 24 x7 using their Desktop, Tablet or Smartphone. Bank's customers can now carry out transactions that are performed at a bank's branch from the comfort of their office or home using the Video Branch App. Digitization will rule future banking, and this new service is a significant step towards it.

The Bank adopted a well-crafted 360-degree integrated marketing approach to propagate the service message featuring noted Bollywood actor, director and singer Farhan Akhtar. The use of a celebrity both enhanced the brand image, while heightening recall of the Bank. Television, Out-of-Home, Radio, Digital and Cinema were considered as an integral part of this multimedia Advertising campaign. A set of two TV commercials communicated the benefits of this service while media innovations like teaser videos, roadblocks on marquee online properties like LinkedIn, Moneycontrol and Economic Times enhanced the message.

The Bank also expanded its presence in the digital and social ecosystem by activating Twitter and Google + brand profiles in order to reach out to larger customer segments that are active in social media. The Bank has been active on Facebook and stands tall with more than 2 lakhs fans on this social platform. 60% of the fans are Bank's customers who use Facebook to effectively

communicate with the Bank. Communication has also been initiated on other social channels such as LinkedIn and YouTube, with a positive response from customers.

The Bank recently partnered with an ORM (Online Reputation Management) tool Radian6 to listen to what the consumers are talking or writing on various online platforms. This tool also helps the Bank to know the pulse of various news articles appearing in the media about the Bank on real time basis.

The Bank also conducted various online marketing campaigns (SEO and SEM) to promote various products and services in the online space as well as increase customer engagement level.

During the year, the Bank commissioned Rapid Metro Station which is named as 'IndusInd Cybercity'. The Bank has become the first bank in India to have a Metro Station named after it, thus making this an excellent example of transit mode of advertising in the country. At IndusInd Bank Cybercity Station, the Bank launched the first Digital Branch, and became the first bank in India to have a fully Digital Branch at a metro station, with branding rights owned by the Bank.

While digital marketing gathered momentum, conventional marketing formed the backbone of

the Bank's engagement. A series of outdoor advertising campaigns were launched at strategic locations to reinforce the brand. Short tactical campaigns were done, e.g., Delhi Development Authority, and product-specific print campaigns on investment banking and new launches in the Credit Card space.

From the stable of Credit Card division, strategic partnership was announced with Jet Airways, India's premier international airline. Your Bank launched exclusive range of Credit Cards, offering rewards in the form of JPMiles on all spend and other benefits. Other such strategic tie-up was with Chelsea Football Club, the leading club of the English Premier League to launch a co-branded Credit Card. Considering the exclusivity of the products, the Bank crafted a tailor made marketing campaign in select print and digital media to reach out to its target audience.

Another significant achievement during the year has been the opening of new branches at semi-urban and urban locations. During the inauguration period, the Bank had a short burst of intense marketing activity in local flavour to reach out to the local population. The Bank continued to conduct activities at branch levels which have not only enhanced the reputation, image and recall value, but also established the Bank as a young, progressive and agile brand.

The Bank acknowledges that no communication is complete without the wholehearted support of its internal stakeholders. Keeping this factor in mind, the vision of the Bank for next three years was emphasized upon by the Core Executive Team of the Bank in a series of highly interactive Employee Roadshows. These were conducted at various locations, including Mumbai, Delhi, Chennai, Bangalore and Kolkata. Other centres like Kochi,

Hyderabad, Patna, Bhubaneswar and Guwahati connected through video conferencing. Employees across the country were connected with thought process of the management in shaping of the Bank over the next 3 years.

The Bank developed an attractive series of awareness-building e-direct mailers for specific campaigns, which received overwhelming response from the employees. To sensitize the employees about the topics like Work Place Safety, Whistleblower policy and other employee-related issues, a series of internal communications were sent.

Several other communication initiatives undertaken by the Bank include:

- Sponsorships / donations / events with reputed Associations / Trusts which in turn have given higher visibility and reinforced the brand image. The Bank participated in activities having multi-purpose objectives such as sports, philanthropy, music, etc. along with service organisations / NGOs and corporate Bodies to make the Bank's presence felt in the community. Some of the major associations were with Pandit Chaturlal Memorial Society, Sahachari Foundation, Rajmata Vijaya Raje Scindia Centre for Development (RVRSCD).
- Regular client engagement activities, Debit and Credit Card promotions, regional level promotions, branch launches, an extensive round of development of various collaterals for new products / services, and tactical promotions during festive / seasonal offers.
- The Bank's activities have received extensive coverage both in the print and electronic channels, which has enhanced the Bank's image amongst its stakeholders and has created a strong perception in industry circles.

- Periodic concalls, one-on-one investor meetings, roadshows and annual Analysts' Meets have all created a positive impact on the Bank's image.
- Increase in the number of ATMs at strategic / high traffic zones has given the Bank the desired visibility. The Bank has invested in opening ATMs at premium locations like Airports, Malls, Metro Stations, Hi Streets of Metro cities, etc. This has enabled the brand to be more visible to the mass affluent audience.
- The Bank had a series of well-laid TV campaigns in the US, UK and Canada markets for its 'Indus Fast Remit' service, targeting the NRI community. The Bank also continued to emphasize on the social media, and digital marketing to its target audience.

The Bank has presence in 33 States and Union Territories. In addition, the Bank also has representative offices in London, Dubai and Abu Dhabi.

During the year 2014-15, apart from expanding its Branch network to reach pan-India network of 801 branches, the Bank also refurbished / re-modeled 2 branches, set up 15 new Administrative Offices and relocated 7 branches, towards better business prospects. A total of 1,250 seats were added across India to cater to growth in back-office / controlling office requirements, distinct from branch network capacity additions.

Apart from the two Currency Chests set up during the last year in Mumbai and Delhi, one more Currency Chest was made operational in Chennai during the year. Work on one more Currency Chest has been completed in Kolkata, and shall be made operational shortly. These are expected to significantly enhance in-house capabilities and provide support for increased business profitability.

CORPORATE GOVERNANCE

Bank's Philosophy on the Code of Corporate Governance

- The Bank believes that consistent implementation of good Corporate Governance practices contributes towards developing and sustaining the best operating systems and procedures.
- The systems which have evolved allow sufficient freedom to the Board and the Management to make decisions and take actions towards the growth of the Bank, and simultaneously remain within the framework of effective accountability. To maintain high standards of good Corporate Governance, the Directors have formed various Committees of the Board. The Committees meet regularly to achieve their specific objectives.
- The Bank is committed to operate on commercial principles ensuring, at the same time, the need to remain accountable, transparent and responsive to its stakeholders.
- The Bank acknowledges the need to uphold the integrity of every transaction it enters into and believes that honesty and integrity in its internal conduct would be judged by its external behaviour. In this context, the Directors have adopted a 'Code of Conduct' for Directors and Senior Management. This Code attempts to set forth the guiding principles on which the Bank shall operate and conduct its daily business with its multitudinous stakeholders, Government and regulatory agencies, media, and anyone else with whom it is connected.
- The Bank's Corporate Governance philosophy has been strengthened through the Code of Conduct for Prevention of Insider Trading in the Bank's securities and the Code of Practices and Procedures for Fair Disclosures of Unpublished Price Sensitive Information.

Annual Evaluation of Board Performance and Performance of its Committees and of Directors:

Pursuant to the provisions of the Companies Act, 2013 and Clause 49 of the Listing Agreement, the Board has carried out annual evaluation of its own performance, performance of the Directors, and evaluation of the working of its Committees.

The Nomination Committee has defined the evaluation criteria, procedure and time schedule for the Performance Evaluation process for the Board, its Committees and Directors.

Performance of the Board was evaluated by the Board after seeking inputs from all the Directors on the basis of criteria such as the Board composition and structure, effectiveness of board processes, information and functioning, etc.

Performance evaluation of the Independent Directors and of the Chairman was carried out by the entire Board, excluding the Director being evaluated. Performance evaluation of the Non-Independent Directors was carried out by the Independent Directors, who also reviewed the performance of the Board as a whole. Performance of the committees was evaluated by the Board after seeking inputs from the Non-committee members on the basis of criteria such as the composition of the Committees, effectiveness of committee meetings, etc. The Nomination Committee also reviewed the performance of the Board, its Committees and of the Directors.

The Chairman of the Board provided feedback to the Directors on an individual basis, as appropriate. Significant highlights, learning, and action points with respect to the evaluation were presented to the Board.

Familiarization Programme for Independent Directors

During the year under review, the Bank formulated Familiarization Programme for Independent Directors. The said Programme aims to provide the Independent Directors an insight in to the Bank's functioning, and to help them understand its business in depth so as to help them contribute significantly during the deliberations in the meetings of the Board and of the Committees.

The Familiarization Programme for Independent Directors has been hosted on the website of the Bank at the below given link:

<http://www.indusind.com/content/home/important-links/familiarization-programme-for-independent-directors.html>

Policy on Board Diversity

During the year under review, Policy on Board Diversity has been formulated by the Bank. The Board Diversity Policy sets out the necessity, and the approach towards achieving diversity in the Board of Directors.

The Bank believes that benefits of a professional Board that possesses a balance of skills, experience and expertise will enhance the decision-making power of the Board, which in turn will benefit the stakeholders of the Bank.

Policy on Related Party Transactions

In terms of Section 188 of the Companies Act, 2013 read with Clause 49 of the Listing Agreement, the Bank has formulated a policy on materiality of Related party Transactions and also on dealing with Related Party Transactions.

The Policy on Related Party Transactions has been hosted on the website of the Bank.

Vigil Mechanism / Whistle Blower Policy

The Bank has in place a Whistle Blower Policy, to provide a formal mechanism to the Directors and employees to report their concerns about unethical behaviour, actual or suspected fraud or violation of the Bank's Code of Conduct or Ethics Policy. The Policy provides for adequate safeguards against victimization of employees who avail of the mechanism, and also provides for direct access to the Chairman of the Audit Committee. None of the Bank's personnel have been denied access to the Audit Committee.

The Whistle Blower Policy has been hosted on the website of the Bank.

Material Disclosures:

Related Party Transactions: During the year, there were no materially significant related party transactions that could have had any potential for conflict with the interests of the Bank at large.

Disqualification of Directors: As on March 31, 2015, none of the Directors of the Bank were disqualified under section 164(2) of the Companies Act, 2013.

Mandatory requirements of Clause 49 of the Listing Agreement: The Bank has complied with all the mandatory requirements of Corporate Governance stipulated under Clause 49 of the Listing Agreement. Certificate to this effect has been issued by M/s Bhandari & Associates, Company Secretaries, and the same has been incorporated elsewhere in this document.

Accounting Standards: In the preparation of financial statements for the year 2014-15, the treatment prescribed in the Accounting Standards issued by the Institute of Chartered Accountants of India from time to time has been followed by the Bank.

Non-Mandatory requirements of Clause 49 of the Listing Agreement:

The Bank has fulfilled the following non-mandatory requirements as prescribed in Annexure XIII to the Clause 49 of the Listing Agreements entered into with the Stock Exchanges:

- The Chairman has been provided with an office at the Corporate Office of the Bank. Expenses incurred by the Chairman for attending the Meetings of the Board and Committees have been reimbursed from time to time. As he is Non-executive, he is entitled to receive sitting fees for attending the meetings of the Board and of the Committees of the Board.
- The Bank endeavors to remain in a regime of unqualified financial statements.
- The Chairman of the Board is a Non-Executive Director and his position is separate from that of the Managing Director & CEO.
- The Internal Auditor of the Bank reports to the Audit Committee.
- The Bank publishes its Quarterly / Annual Financial Results on its website (www.indusind.com) which is accessible to the public at large. Besides this, the financial results are published in newspapers, apart from being reported on the websites of the Stock Exchanges. Therefore, the Bank does not find it expedient to send individual communications to the shareholders regarding significant events and financial performance every half-year.

Besides the above, e-mail messages and SMS messages were sent during the year to shareholders whose e-mail IDs and cell phone numbers were available with the Bank, informing them about declaration of the Bank's Quarterly and Annual Financial Results.

- The Bank has continued the exercise of collecting the e-mail IDs of shareholders, so as to communicate more regularly with them via e-mail.

'Code of Conduct for prevention of Insider Trading'

In accordance with the requirements of the Securities and Exchange Board of India ([Prohibition of] Insider Trading) Regulations, 2015, the Bank has formulated a comprehensive 'Code of Conduct for Prevention of Insider Trading' in securities of the Bank.

Means of Communication

Besides communicating to the Stock Exchanges where the Bank's shares are listed, the financial results of the Bank are also published on a quarterly basis in leading financial publications and regional newspaper in the Bank's Registered Office location, viz., Economic Times, Financial Express, Maharashtra Times, Business Standard, etc.

Quarterly compliance reports on Corporate Governance as prescribed under Clause 49 of the Listing Agreement and the Shareholding Pattern of the Bank as prescribed under Clause 35 of the Listing Agreement with the Stock Exchanges are also filed through NSE Electronic Application Processing System (NEAPS) and BSE Listing Centre.

Information relating to the financial results is also hosted under the icons "Media Room" and "Investor Relations" on Bank's website (www.indusind.com). The said sections are updated regularly.

Quarterly Press meets are organized during which the results are formally announced to the media and Press Releases are issued for publication. Regular interviews with the electronic channels on the awareness of results and other available opportunities are arranged for the Managing Director and the Chief Operating Officer.

Analyst Meets and Conference Calls with the Analyst fraternity are also held periodically. A transcript of the calls is hosted in the Bank's website.

The Management Discussion and Analysis report for 2014-15 forms part of this Annual Report.

Subsidiary Company

The Bank does not have a "material non-listed Indian subsidiary" as defined in Clause 49 of the Listing Agreement. However, ALF Insurance Services Private Ltd. is a wholly-owned subsidiary of the Bank. The Company was set up to do the business of Insurance Corporate Broking, and is currently under voluntary winding up.

Business Responsibility Report:

The Securities & Exchange Board of India, vide their Circular of August 13, 2012 have mandated that top 100 entities listed in BSE and NSE, based on market capitalisation, should incorporate the 'Business Responsibility Report' as part of their Annual Reports. The said disclosure has been provided in the Directors' Report as an Annexure.

Corporate Social Responsibility

The Bank has constituted a 'Corporate Social Responsibility' Committee of the Board in line with the Companies Act, 2013. The Bank has instituted the Corporate Social Responsibility Policy, and its strategy will guide the Bank's activities in focus areas, namely, rural development and inclusiveness, environmental sustainability, preventive healthcare and other areas of special interest. During the year, the Bank is committed to Prime Minister's Swachh Bharat Abhiyaan and working towards financial inclusion and legal literacy.

Sustainability-driven Growth

Sustainability is an integral part of our Bank's operations. The Bank has been responsive to the rapidly evolving environment and adopting a strategy that is both sustainable and innovative giving equal impetus to human capital, financial capital, natural capital and intellectual capital. With each passing year, the Bank has fortified sustainability practices and disclosures and will continue to adopt a systemic approach which intends to de-risk business, enhancing value of the products and restoring the environment. The Bank has reached leadership position in Carbon Disclosure Project in 2014.

Statutory Reporting:

Dematerialisation of shares and liquidity

The Bank's shares are tradable (in electronic form only) at the Bombay Stock Exchange Ltd. and the National Stock Exchange of India Ltd. 98.13% of the Bank's shares are dematerialised and the rest are in physical form. The volume of trades and share price information is provided in the tables above.

In view of the numerous advantages offered by the Depository system, members holding the shares of the Bank in physical form are requested to get the same dematerialised and converted to the electronic form.

Share Transfer System

The Share Transfer Committee, comprising Bank's executives, has been constituted to deal with transfer of shares, issue of duplicate Share Certificates in lieu of mutilated share certificates or those which are misplaced / lost, and other related matters. Approvals granted by the Share Transfer Committee are confirmed at subsequent Board meetings. With a view to expediting the process of physical share transfers, the Share Transfer Committee meets every Friday.

Trading in the Bank's shares now takes place compulsorily in dematerialised form. However, members holding share certificates in physical form are entitled to transfer their shareholding by forwarding the Share Certificates along with duly executed and stamped Securities Transfer Form (Form No.SH-4) as per the format prescribed under the Companies (Share Capital and Debentures) Rules 2014, signed by the member (or on his / her behalf) and the transferee to the Bank or to the Registrar & Share Transfer Agent, Link Intime India Pvt. Ltd.

Standardization and simplification of procedure for transmission of securities

SEBI had reviewed the process being followed by the Share Transfer Agents (STAs) and the Depositories / Issuer Companies (in-house STAs) for effecting transmission of securities held in physical as well dematerialised mode. With this background, SEBI had notified guidelines regarding standardisation and simplification of procedures for transmission of securities.

In case of transmission of securities in dematerialised mode, SEBI have enhanced the existing threshold limit of ₹ 1,00,000 (Rupees One Lakhs only), i.e., market value of securities per beneficiary owner account as on date of the application for transmission, to ₹ 5,00,000 (Rupees Five Lakhs only) for the purpose of following simplified documentation, as prescribed by the depositories vide bye-laws / operating instructions. Whereas, in case of transmission of securities held in physical mode (in single name without nomination) SEBI have prescribed a threshold limit of ₹ 2,00,000 (Rupees Two Lakhs only), i.e., market value of securities per folio as on date of the application for transmission, for following simplified documentation. However, vide aforesaid Circular, SEBI have empowered Issuer Companies to enhance the value of such securities, at their discretion.

The Bank's Board has empowered the Share Transfer Committee for approving transmission of securities held in physical mode, for market value of securities of up to ₹ 10,00,000 (Rupees Ten lakhs only), subject to completion of simplified documentation procedure prescribed by SEBI.

Share Capital Audit

As required under Clause 47(c) of the Listing Agreement, the Practising Company Secretary has examined the records relating to Share Transfer Deeds, Registers and other related documents on a half-yearly basis and has certified compliance with the provisions of the above Clause. The Certificates are forwarded to BSE and NSE where the Bank's equity shares are listed.

As required by SEBI, Share Capital Audit is conducted by a Practising Company Secretary on a quarterly basis, for the purpose, inter alia, of reconciliation of the total admitted equity Share Capital with the depositories and in the physical form with the total issued / paid-up equity capital of the Bank. Certificates issued in this regard are forwarded to BSE and NSE.

Consolidation of Folios

Shareholders holding shares in different folios but in identical name(s) are requested to get their shareholdings consolidated into one folio by requesting the Bank / Registrar for the same. The request may please be accompanied with proof of identification and the share certificates.

Independent Auditor's Report

To the Members of IndusInd Bank Limited

Report on the Financial Statements

1. We have audited the accompanying financial statements of IndusInd Bank Limited ('the Bank'), which comprise the Balance Sheet as at 31 March 2015, the Profit and Loss Account, the Cash Flow Statement for the year then ended, a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

2. The Bank's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Bank in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014 and provisions of Section 29 of the Banking Regulation Act, 1949 and circulars and guidelines issued by Reserve Bank of India ('RBI') from time to time. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Bank and for preventing and detecting frauds and other irregularities, selection and application of appropriate accounting policies, making judgments and estimates that are reasonable and prudent, and the design, implementation and maintenance of internal financial controls, that operate effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

3. Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the applicable provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit of the Bank including its branches in accordance with Standards on Auditing ('the Standards') specified under section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements.
4. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Bank's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Bank has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Bank's Directors, as well as evaluating the overall presentation of the financial statements.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

6. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Banking Regulation Act, 1949 as well as the Act, in the manner so required for banking companies and give a true and fair view in conformity with accounting principles generally accepted in India:
 - (a) in the case of the Balance Sheet, of the state of affairs of the Bank as at 31 March 2015;
 - (b) in the case of the Profit and Loss account, of the profit of the Bank for the year ended on that date; and
 - (c) in the case of the Cash Flow Statement, of the cash flows of the Bank for the year ended on that date.

Report on Other Legal and Regulatory Requirements

7. The Balance Sheet and the Profit and Loss Account have been drawn up in accordance with the provisions of Section 29 of the Banking Regulation Act, 1949 read with Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014.
8. As required sub section (3) of section 30 of the Banking Regulation Act, 1949, we report that:
 - (a) we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit and have found them to be satisfactory;
 - (b) the transactions of the Bank, which have come to our notice, have been within the powers of the Bank; and
 - (c) during the course of our audit we have visited 27 branches. Since the key operations of the Bank are automated with the key applications integrated to the core banking systems, the audit is carried out centrally as all the necessary records and data required for the purposes of our audit are available therein.
9. Further, as required by section 143(3) of the Act, we further report that:
 - (i) we have sought and obtained all the information and explanation which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (ii) in our opinion, proper books of account as required by law have been kept by the Bank so far as appears from our examination of those books;
 - (iii) the financial accounting systems of the Bank are centralized and, therefore, returns are not necessary to be submitted by the branches;
 - (iv) the Balance Sheet, the Profit and Loss account and the Cash Flow Statement dealt with by this report are in agreement with the books of account;
 - (v) in our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014, to the extent they are not inconsistent with the accounting policies prescribed by RBI;
 - (vi) on the basis of written representations received from the directors as on 31 March 2015 taken on record by the Board of directors, none of the directors is disqualified as on 31 March 2015 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (vii) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (a) the Bank has disclosed the impact of pending litigations on its financial position in its financial statements - Refer Schedule 18 - Note 9.4 to the financial statements;
 - (b) the Bank has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts -Refer Schedule 18 - Note 9.5 to the financial statements; and
 - (c) there has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Bank.

Schedule 17

Significant accounting policies

1. General

- 1.1 IndusInd Bank Limited ('the Bank') was incorporated in 1994 under the Companies Act, 1956 and is licensed by the Reserve Bank of India (RBI) to operate as a commercial bank under the Banking Regulation Act, 1949. The Bank is publicly held and provides a wide range of banking products and financial services to corporate and retail clients besides undertaking treasury operations. The Bank operates in India and does not have a branch in any foreign country.
- 1.2 The accompanying financial statements have been prepared under the historical cost convention except where otherwise stated, and in accordance with statutory requirements prescribed under the Banking Regulation Act, 1949, circulars and guidelines issued by RBI from time to time (RBI guidelines), accounting standards referred to in Section 133 of the Companies Act, 2013 (the Act) and practices prevailing within the banking industry in India.
- 1.3 The preparation of the financial statements in conformity with generally accepted accounting principles in India requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, expenses and disclosure of contingent liabilities on the date of the financial statements. Management believes that the estimates and assumptions used in the preparation of the financial statements are prudent and reasonable. Any revision to accounting estimates is recognised prospectively in current and future periods.

2. Transactions involving Foreign Exchange

- 2.1 Monetary assets and liabilities denominated in foreign currency are translated at the Balance Sheet date at the closing rates of exchange notified by the Foreign Exchange Dealers' Association of India ('FEDAI') and the resulting gains or losses are recognised in the Profit and Loss account.
- 2.2 Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.
- 2.3 All foreign exchange contracts outstanding at the Balance Sheet date are re-valued on present value basis and the resulting gains or losses are recognised in the Profit and Loss account.
- 2.4 Swap Cost arising on account of foreign currency swap contracts to convert foreign currency funded liabilities and assets into rupee liabilities and assets is amortised to the Profit and Loss account under the head 'Interest – Others' over the underlying swap period.
- 2.5 Income and expenditure denominated in a foreign currency are translated at the rates of exchange prevailing on the date of the transaction.
- 2.6 Contingent liabilities at the Balance Sheet date on account of outstanding forward foreign exchange contracts, guarantees, acceptances, endorsements and other obligations denominated in a foreign currency are stated at the closing rates of exchange notified by the FEDAI.

3. Investments

Significant accounting policies in accordance with RBI guidelines are as follows:

3.1 Categorisation of Investments :

The Bank classifies its investment at the time of purchase into one of the following three categories:

- (i) **Held to Maturity (HTM)** – Securities acquired with the intention to hold till maturity.
- (ii) **Held for Trading (HFT)** – Securities acquired with the intention to trade.
- (iii) **Available for Sale (AFS)** – Securities which do not fall within the above two categories.

Subsequent shifting amongst the categories is done in accordance with RBI guidelines.

3.2 Classification of Investments:

For the purpose of disclosure in the Balance Sheet, investments are classified under six groups viz., (i) Government Securities, (ii) Other Approved Securities, (iii) Shares, (iv) Debentures and Bonds, (v) Investments in Subsidiaries and Joint Ventures, and (vi) Other Investments.

3.3 Acquisition cost

- (i) Broken period interest on debt instruments is treated as a revenue item.
- (ii) Brokerage, commission, etc. pertaining to investments, paid at the time of acquisition is charged to the Profit and Loss account.
- (iii) Cost of investments is computed based on the weighted average cost method.

3.4 Valuation of Investments:

- (i) **Held to Maturity** – Each security in this category is carried at its acquisition cost. Any premium on acquisition of the security is amortised over the balance period to maturity. The amortized amount is classified under Interest earned – Income on investments (Item II of Schedule 13). The book value of the security is reduced to the extent of amount amortized during the relevant accounting period. Diminution, other than temporary, is determined and provided for each investment individually.
- (ii) **Held for Trading** – Securities are valued scrip-wise and depreciation / appreciation is aggregated for each classification. Net appreciation in each classification is ignored, while net depreciation is provided for.
- (iii) **Available for Sale** – Securities are valued scrip-wise and depreciation / appreciation is aggregated for each classification. Net appreciation in each classification, is ignored, while net depreciation is provided for.
- (iv) Market value of government securities (excluding treasury bills) is determined on the basis of the prices / YTM declared by Primary Dealers Association of India (PDAI) jointly with Fixed Income Money Market and Derivatives Association (FIMMDA).
- (v) Treasury bills are valued at carrying cost, which includes discount amortised over the period to maturity.
- (vi) Fair value of other debt securities is determined based on the yield curve and spreads provided by FIMMDA.
- (vii) Quoted equity shares are valued at lower of cost or the closing price on a recognised stock exchange. Unquoted equity shares are valued at their break-up value or at Re. 1 per company where the latest Balance Sheet is not available.
- (viii) Units of the schemes of mutual funds are valued at the lower of cost and Net Asset Value (NAV) provided by the respective schemes of mutual funds.
- (ix) Investments in equity shares held as long-term investments by erstwhile IndusInd Enterprises & Finance Limited and Ashok Leyland Finance Limited (since merged with the Bank) are valued at cost and classified as part of HTM category. Provision towards diminution in the value of such long-term investments is made only if the diminution in value is not temporary in the opinion of management.
- (x) Security Receipts (SR) are valued at the lower of redemption value or NAV obtained from the Securitisation Company (SC) / Reconstruction Company (RC).
- (xi) Trade date method of accounting is followed for purchase and sale of investments, except for Government of India and State Government securities where settlement date method of accounting is followed in accordance with RBI guidelines.

- (xii) Provision for non-performing investments is made in conformity with RBI guidelines.
- (xiii) Repurchase (Repo) / Reverse Repurchase (Reverse Repo) transactions (except transactions under Liquidity Adjustment Facility (LAF) with RBI) are accounted for as Borrowing / Lending respectively. On completion of the second leg of the Repo / Reverse Repo transaction, the difference between the consideration amounts is reckoned as Interest Expenditure / Income. Amounts outstanding in Repo / Reverse Repo account as at the Balance Sheet date is shown as part of Borrowings / Money at Call and at Short Notice respectively, and the accrued expenditure / income till the Balance Sheet date is recognised in the Profit and Loss account.

In respect of repo transactions under LAF with RBI, monies borrowed from RBI are credited to investment account and reversed on maturity of the transaction. Costs thereon are accounted for as interest expense. In respect of reverse repo transactions under LAF, monies lent to RBI are debited to investment account and reversed on maturity of the transaction. Revenues thereon are accounted for as interest income.

- (xiv) In respect of the short sale transactions in Central Government dated securities, the short position is covered by outright purchase of an equivalent amount of the same security within a maximum period of three months including the day of trade. The short position is reflected as the amount received on sale in a separate account and is classified under 'Other Liabilities'. The short position is marked to market and loss, if any, is charged to the Profit and Loss account, while gain, if any, is not recognized. Profit / loss on settlement of the short position is recognized in the Profit and Loss account.
- (xv) Profit in respect of investments sold from HTM category is included in the Profit on Sale of Investments and an equivalent amount (net of taxes, if any, and transfer to Statutory Reserves as applicable to such profits) is appropriated from the Profit and Loss Appropriation account to Capital Reserve account.
- (xvi) In the event, provisions created on account of depreciation in the AFS or HFT categories are found to be in excess of the required amount in any year, the excess is credited to the Profit and Loss account and an equivalent amount (net of taxes, if any, and net of transfer to Statutory Reserves as applicable to such excess provisions) is appropriated to an Investment Reserve account (IRA).

The balance in IRA account is used to meet provision on account of depreciation in AFS and HFT categories by transferring an equivalent amount to the Profit and Loss Appropriation account as and when required.

4. Derivatives

Derivative contracts are designated as hedging or trading and accounted for as follows:

- 4.1 The hedging contracts comprise of Forward Rate Agreements, Interest Rate Swaps and Currency Swaps undertaken to hedge interest rate and currency risk on certain assets and liabilities. The net interest receivable / payable is accounted on an accrual basis over the life of the swaps. However, where the hedge is designated with an asset or liability that is carried at market value or lower of cost and market value, then the hedging instruments is also marked to market with the resulting gain or loss recorded as an adjustment to the market value of designated assets or liabilities.
- 4.2 The trading contracts comprise of trading in Interest Rate Swaps, Interest Rate Futures and Currency Futures. The gain / loss arising on unwinding or termination of the contracts, is accounted for in the Profit and Loss account. Trading contracts outstanding as at the Balance Sheet date are re-valued at their fair value and resulting gains / losses are recognised in the Profit and Loss account.
- 4.3 Gains or losses on the termination of hedge swaps is deferred and recognised over the shorter of the remaining life of the hedge swap or the remaining life of the underlying asset / liability.
- 4.4 Premium paid and received on currency options is accounted when due in the Profit and Loss Account.
- 4.5 Provisioning of overdue customer receivable on derivative contracts is made as per RBI guidelines.

5. **Advances**

- 5.1 Advances are classified as per RBI guidelines into standard, sub-standard, doubtful and loss assets after considering subsequent recoveries to date.
- 5.2 Specific provisions for non-performing advances and floating provisions are made in conformity with RBI guidelines.
- 5.3 A general provision on standard assets is made in accordance with RBI guidelines. Provision made against standard assets is included in 'Other Liabilities and Provisions'.
- 5.4 Advances are disclosed in the Balance Sheet, net of provisions and interest suspended for non-performing advances and floating provisions.
- 5.5 Advances exclude derecognised securitised advances, inter-bank participation certificates issued and bills rediscounted.
- 5.6 Amounts recovered during the year against bad debts written off in earlier years are recognised in the Profit and Loss account.
- 5.7 Provision no longer considered necessary in the context of the current status of the borrower as a performing asset, are written back to the Profit and Loss account to the extent such provisions were charged to the Profit and Loss account
- 5.8 For restructured / rescheduled assets, provision is made in accordance with the guidelines issued by RBI, which requires the diminution in the fair value of the assets to be provided at the time of restructuring. The restructured accounts are classified in accordance with RBI guidelines, including special dispensation wherever allowed.

6. **Securitisation transactions and direct assignments**

- 6.1 The Bank transfers its loan receivables both through Direct Assignment route as well as transfer to Special Purpose Vehicles ('SPV').
- 6.2 The securitization transactions are without recourse to the Bank. The transferred loans and such securitized receivables are de-recognized as and when these are sold (true sale criteria being fully met) and the consideration has been received by the Bank. Gains / losses are recognized only if the Bank surrenders the rights to the benefits specified in the loan contracts.
- 6.3 In terms of RBI guidelines, profit / premium arising on account of sale of standard assets, being the difference between the sale consideration and book value, is amortized over the life of the securities issued by the Special Purpose Vehicles (SPV). Any loss arising on account of the sale is recognized in the Profit and Loss account in the period in which the sale occurs.
- 6.4 In case of sale of non-performing assets through securitization route to SC / RC by way of assignment of debt against issuance of SRs, the recognition of sale and accounting of profit and loss thereon is done in accordance with applicable RBI guidelines. Generally, the sale is recognized at the lower of redemption value of SR and the Net Book Value (NBV) of the financial asset sold, and the surplus is recognized in the Profit and Loss Account; shortfall if any, is charged to the Profit and Loss account subject to regulatory forbearance, if any, allowed from time to time.

Profit or loss realized on ultimate redemption of the SR is recognized in the Profit and Loss Account.

7. **Fixed assets and depreciation**

- 7.1 Fixed assets are stated at cost (except in the case of premises which were re-valued based on values determined by approved valuers) less accumulated depreciation and impairment, if any. Cost includes incidental expenditure incurred on the assets before they are ready for intended use.

- 7.2 The appreciation on account of revaluation is credited to Revaluation Reserve. Depreciation relating to revaluation is adjusted against the Revaluation Reserve.
- 7.3 Depreciation is provided over the useful life of the assets, pro rata for the period of use, on a straight-line method. The useful life estimates prescribed in Part C of Schedule II to the Companies Act, 2013 are generally adhered to, except in respect of asset classes where, based on technical evaluation, a different estimate of useful life is considered suitable. Pursuant to this policy, the useful life estimates in respect of the following assets are as follows:
- (a) Computers at 3 years
 - (b) Application software and perpetual software licences at 5 years
 - (c) Printers, Scanners, Routers, Switch at 5 years
 - (d) ATMs at 7 years
 - (e) Network cabling, Electrical Installations, Furniture and Fixtures, Other Office Machinery at 10 years
 - (f) Vehicles at 5 years
 - (g) Buildings at 60 years.

The useful life of an asset class is periodically assessed taking into account various criteria such as changes in technology, changes in business environment, utility and efficacy of an asset class to meet with intended user needs, etc. Whenever there is a revision in the estimated useful life of an asset, the unamortised depreciable amount is charged over the revised remaining useful life of the said asset.

- 7.4 The carrying amount of fixed assets is reviewed at the Balance Sheet date to determine if there are any indications of impairment based on internal / external factors. In case of impaired assets, the impairment loss i.e. the amount by which the carrying amount of the asset exceeds its recoverable value is charged to the Profit and Loss account to the extent the carrying amount of assets exceeds its estimated recoverable amount.

8. Revenue Recognition

- 8.1 Interest and discount income on performing assets is recognised on accrual basis. Interest and discount income on non-performing assets is recognised on realisation.
- 8.2 Interest on Government securities, debentures and other fixed income securities is recognised on a period proportion basis. Income on discounted instruments is recognised over the tenor of the instrument on a straight-line basis.
- 8.3 Dividend income is accounted on accrual basis when the right to receive dividend is established.
- 8.4 Commission (except for commission on Deferred Payment Guarantees which is recognised over the term on a straight line basis), Exchange and Brokerage are recognised on a transaction date and net off directly attributable expenses.
- 8.5 Fees are recognised on an accrual basis, except in cases where the Bank is uncertain of realisation.
- 8.6 Income from distribution of third party products is recognised on the basis of business booked.

9. Operating Leases

- 9.1 Lease rental obligations in respect of assets taken on operating lease are charged to the Profit and Loss account on a straight-line basis over the lease term.
- 9.2 Assets given under leases in respect of which all the risks and benefits of ownership are effectively retained by the Bank are classified as operating leases. Lease rentals received under operating leases are recognized in the Profit and Loss account as per the terms of the contracts.

10. Employee Benefits

- 10.1 The Gratuity scheme of the Bank is a defined benefit scheme and the expense for the year is recognized on the basis of actuarial valuation at the Balance Sheet date. The present value of the obligation under such benefit plan is determined based on independent actuarial valuation using the Projected Unit Credit Method which recognizes each period of service that gives rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. Payment obligations under the Group Gratuity scheme are managed through purchase of appropriate policies from insurers.
- 10.2 Provident Fund contributions are made under trusts separately established for the purpose and the scheme administered by Regional Provident Fund Commissioner (RPFC), as applicable. The rate at which the annual interest is payable to the beneficiaries by the trusts is being administered by the government. The Bank has an obligation to make good the shortfall, if any, between the return from the investments of the trusts and the notified interest rates. Actuarial valuation of this Provident Fund Interest shortfall is done as per the guidance note on Valuation of Interest Rate Guarantees on Exempt Provident Funds under AS 15 (Revised) issued by the Institute of Actuaries of India, and such shortfall, if any, is provided for.
- 10.3 Provision for compensated absences is made on the basis of actuarial valuation as at the Balance Sheet date. The actuarial valuation is carried out using the Projected Unit Credit Method.
- 10.4 Intrinsic value method is applied to account for the compensation cost of ESOP granted to the employees of the Bank. Intrinsic value is the amount by which the quoted market price of the underlying shares on the grant date exceeds the exercise price of the options. Accordingly, such compensation cost is amortized over the vesting period.

11. Segment Reporting

In accordance with the guidelines issued by RBI, the Bank has adopted Segment Reporting as under:

- (a) **Treasury** includes all investment portfolios, Profit / Loss on sale of Investments, Profit / Loss on foreign exchange transactions, equities, income from derivatives and money market operations. The expenses of this segment consist of interest expenses on funds borrowed from external sources as well as internal sources and depreciation / amortisation of premium on Held to Maturity category investments.
- (b) **Corporate / Wholesale Banking** includes lending to and deposits from corporate customers and identified earnings and expenses of the segment.
- (c) **Retail Banking** includes lending to and deposits from retail customers and identified earnings and expenses of the segment.
- (d) **Other Banking Operations** includes all other operations not covered under Treasury, Corporate / Wholesale Banking and Retail Banking.

Unallocated includes Capital and Reserves, Employee Stock Options (Grants) Outstanding and other unallocable assets, liabilities, income and expenses.

12. Debit and Credit Card reward points liability

- 12.1 The liability towards Credit Card reward points is computed based on an actuarial valuation and the liability towards Debit Card reward points is computed on the basis of management estimates considering past trends.

13. Bullion

- 13.1 The Bank imports bullion including precious metal bars on a consignment basis for selling to its customers. The imports are on a back-to-back basis and are priced to the customer based on the prevailing price quoted by the supplier and the local levies related to the consignment like customs duty etc. The profit earned is included in commission income.

- 13.2 The Bank sells gold coins to its customers. The difference between the sale price to customers and purchase price is reflected under commission income.

14. Income-tax

- 14.1 Tax expenses comprise of current and deferred taxes. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961. Deferred taxes reflect the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the Balance Sheet date. Deferred tax assets are recognized, in general, only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized; where there are unabsorbed depreciation and / or carry forward of losses under tax laws, deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that such deferred tax asset can be realized against future taxable income. Unrecognized deferred tax assets of earlier years are re-assessed and recognised to the extent that it has become reasonably certain that future taxable income will be available against which such deferred tax assets can be realized.

15. Earnings per share

- 15.1 Earnings per share is calculated by dividing the Net Profit or Loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share are computed using the weighted average number of equity shares and dilutive potential equity shares outstanding as at end of the year.

16. Provisions, contingent liabilities and contingent assets

- 16.1 A provision is recognized when there is an obligation as a result of past event, and it is probable that an outflow of resources will be required to settle the obligation, and in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.
- 16.2 A disclosure of contingent liability is made when there is:
- (a) A possible obligation arising from a past event, the existence of which will be confirmed by occurrence or non-occurrence of one or more uncertain future events not within the control of the bank; or
 - (b) A present obligation arising from a past event which is not recognized as it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.
- 16.3 When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.
- 16.4 Contingent assets are not recognized or disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the assets and related income are recognized in the period in which the change occurs.

17. Cash and Cash equivalents

- 17.1 Cash and cash equivalents comprises of Cash in Hand and Balances with RBI and Balances with Banks and Money at Call and Short Notice.

3.3 Disclosures on Risk Exposure in Derivatives

Derivatives Policy approved by Board of Directors defines the framework for carrying out derivatives business and lays down policies and processes to measure, monitor and report risk arising from derivative transactions. The policy provides for (a) appropriate risk limits for different derivative products and (b) authority levels for review of limit breaches and to take appropriate actions in such events. As part of the Derivatives Policy, the Bank has a Product Suitability and Customer Appropriateness Policy, which is used to classify customers on the basis of their need for various derivative products as well as their competence in understanding such products and the attendant risks involved.

Risk Management Department of the Bank is responsible for measuring, reporting and monitoring risk arising from derivatives transactions. It functions independent of Treasury business and undertakes the following activities:

- Monitors derivatives operations against prescribed policies and limits on a daily basis;
- Daily review of product-wise profitability and activity reports for derivatives operations;
- Daily submission of MIS and details of exceptions to the Top Management; and
- Monitoring effectiveness of derivative deals identified as hedges against the terms of the hedging instruments and underlying hedged risk.
- Collaterals are generally kept as cash or cash equivalent for securing derivative transactions.

The Risk Management function applies a host of quantitative tools and methods such as Value at Risk, PV01, stop-loss limits, counterparty limits, deal size limits and overnight position limits.

The Bank undertakes derivative transactions for hedging customers' exposure, hedging the Bank's own exposure, as well as for trading purposes, wherever permitted by RBI. The customers use these derivative products to hedge their forex and interest rate exposures.

The following table presents quantitative disclosures relating to Derivatives:

4.9 Provision on Standard Assets

In accordance with RBI guidelines, general provision on standard assets is made at the following rates:

- (a) At 1% on standard advances to Commercial Real Estate Sector;
- (b) At 0.25% on standard direct advances to SME and Agriculture; and
- (c) At 0.40% of the balance outstanding in other standard assets.

Standard assets provision as at March 31, 2015 also includes additional provision made on restructured standard assets in compliance with RBI guidelines.

The provision on standard assets is included in 'Other Liabilities and Provisions – Others' in Schedule 5, and is not netted off from Advances. The amount of provision held on standard assets is as below:

(₹ in crores)

Items	March 31, 2015	March 31, 2014
Cumulative Provision held for Standard Assets {Including ₹ 32.00 crores towards UFCE of clients (Previous year NA)}	343.09	239.09

4.10 Unhedged Foreign Currency Exposure (UFCE) of Clients

Foreign exchange risk is the risk of loss arising out of adverse movements in foreign exchange rates affecting both on-balance sheet and off-balance sheet exposures. The forex positions that are not effectively hedged either by way of natural hedge or through derivatives/forward contracts expose a client to the risk of loss due to volatility in the forex rates. The Bank assesses the risk arising out of such UFCE of the clients at the time of credit appraisal and monitors the same at regular intervals. The provision for standard assets as of March 31, 2015 included an amount of ₹ 32.00 crores (Previous year NA) towards UFCE. Further, capital held under Basel III Capital Regulations, as of March 31, 2015 includes an amount of ₹ 101.50 crores (Previous year NA) on account of UFCE, computed at the applicable risk weights.

4.11 Floating provision

(₹ in crores)

Items	March 31, 2015	March 31, 2014

6.2 Liquidity Coverage Ratio (LCR)

The Bank adheres to RBI guidelines relating to the Liquidity Coverage Ratio, Liquidity Risk Monitoring Tools and the LCR Disclosure Standards pursuant to the Basel III Framework on Liquidity Standards that are applicable to banks in India with effect from January 1, 2015.

LCR, as laid down in the guidelines, measures the bank's ability to manage and survive for 30 days under a significant stress scenario that combines an idiosyncratic as well as a market-wide shock that would result in accelerated withdrawal of deposits from retail as well as wholesale depositors, partial loss of secured funding, increase in collateral requirements, unscheduled draw down of unused credit lines, etc.

The Bank depends on balanced funding from retail as well as wholesale depositors. The Bank computes LCR in all significant currencies using the factors mentioned in RBI guidelines. High Quality Liquid Assets (HQLA) of the Bank consist of cash, unencumbered excess SLR, a portion of statutory SLR as allowed under the guidelines, cash balance with RBI in excess of statutory cash reserve requirements, and high rated corporate bonds issued by entities other than financial institutions. Major components of the Bank's Balance Sheet are in domestic currency, and it uses foreign currency sources to predominantly fund foreign currency advances.

Collaterals are generally kept as cash or cash equivalent for securing derivative transactions. The largest absolute net 30-day collateral flows realized during the preceding 24 months has been considered as potential outflow on account of change in valuation of derivative trades.

The Asset Liability Management Committee (ALCO) of the Bank is the governing body to decide on composition of funding sources and accordingly guide different business units. The Balance Sheet Management Group (BSMG), under the guidance of the ALCO, is responsible for operationalizing liquidity management within the Bank.

ESOS enables the Board and / or the HR and Remuneration Committee to grant such number of stock options of the Bank not exceeding 7% of the aggregate number of issued and paid up equity shares of the Bank, in line with the guidelines of the Securities & Exchange Board of India (SEBI). The options vest within a maximum period of five years from the date of grant of option. The exercise price for each grant is decided by the Compensation Committee, which is normally based on the latest available closing price. Upon vesting, the options have to be exercised within a maximum period of five years. The stock options are equity settled where the employees will receive one equity share per stock option.

Pursuant to the ESOS 2007 scheme, the HR and Remuneration Committee of the Bank has granted 3,45,67,700 options as set out below:

Recognition of expense

The Bank follows the intrinsic value method to recognize employee costs relating to ESOS, in accordance with the Guidance Note on “Accounting for Employee Share-based Payments” issued by the ICAI. Excess of fair market price over the exercise price of an option at the grant date, is recognized as a deferred compensation cost and amortized on a straight-line basis over the vesting period of such options. The fair market price is the latest available closing price on the stock exchange on which the shares of the Bank are listed, prior to the date of the meeting of the Compensation Committee in which stock options are granted. Since shares are listed on more than one stock exchange, the exchange where the Bank’s shares have been traded highest on the said date is considered for this purpose.

Fair value methodology:

The fair value of options granted during the year has been estimated on the date of grant using the Black-Scholes option pricing model with the following assumptions:

	2014-15
Average dividend yield	0.99%
Expected volatility	34.73-43.71%
Risk free interest rates	7.76-8.83%
Expected life of options (in years)	3.50 - 5.50

Expected volatility is a measure of the amount by which the equity share price is expected to fluctuate during a period. The measure of volatility used in Black-Scholes option pricing model is the annualized standard deviation of the continuously compounded rates of return on the share over a period of time. Expected volatility has been computed by considering the historical data on daily volatility in the closing equity share price on the National Stock Exchange of India Limited (NSE), over a prior period equivalent to the expected life of the options, till the date of the grant.

The stock-based compensation cost calculated as per the intrinsic value method for the year is ₹ 3.48 crores. Had the Bank adopted the Black-Scholes model based fair valuation, compensation cost for the year ended March 31, 2015, would have increased by ₹ 59.54 crores and the proforma profit after tax would have been lower by ₹ 39.31 crores. On a proforma basis, the basic and diluted earnings per share would have been ₹ 33.25 and ₹ 32.68 respectively.

The weighted average fair value of options granted during the year is ₹ 228.99.

12.5 Disclosure on Remuneration
HR and Remuneration Committee

During the year, the Board of Directors of the Bank decided to merge the Human Resources Committee and the Remuneration Committee into HR and Remuneration Committee of the Bank. The HR and Remuneration Committee of the Bank comprise four members of the Board of Directors of the Bank including one member from Risk Management Committee of the Board. The mandate of the HR and Remuneration Committee is to establish, implement and maintain remuneration policies, procedures and practices that are consistent with, and promote, sound and effective risk management to achieve effective alignment between remuneration and risks. The Committee is also mandated to oversee framing, implementation and review of the Bank's Compensation policy as per RBI guidelines on Compensation of Whole Time Directors / Chief Executive Officers / Risk Takers and Control function staff. The Committee is also required to ensure that the cost / income ratio of the Bank supports the remuneration package consistent with maintenance of sound capital adequacy ratio. The HR and Remuneration committee reviews compensation structure and the policies of the Bank with a view to attract, retain and motivate employees.

Remuneration Policy

The Remuneration Policy is formulated by the Board in alignment with RBI guidelines and is structured to cover all components of remuneration including fixed pay, variable pay, perquisites, retirement benefits such as Provident Fund and Gratuity, Long term incentive plans and Employee Stock Options.

The key objectives of the policy are:

- (i) Benchmark employee compensation with market for various job positions and skills and pay for 'Position, Performance & Person'
- (ii) Maintain an optimal balance between fixed and variable pay
- (iii) Pay for Performance
- (iv) Build employee ownership and long term association through long term incentive plans (ESOPs)

Some of the important features of the Compensation Policy are as follows:

- (i) The Bank has defined "Risk Takers and Risk Controllers" and prepared separate lists of Risk Takers and Risk Controllers. Risk Takers are defined as employees in Grades Senior Vice President 3 (SVP3) and above belonging to business line functions of Corporate & Commercial Banking Group, Global Markets Group, Transaction Banking Group, Consumer Banking and Consumer Finance Division, whose functioning and decisioning impacts the Bank materially on tangible financial performance aspects of revenues, costs, and profits. Risk Controllers are defined as employees in Grades SVP3 and above belonging to support functions of Chief Operating Officer (Operations, Finance & Accounts, Information Technology, Secretarial, etc.), Chief Risk Officer (Credit, Risk, Financial Restructuring & Reconstruction Group, Credit Quality Loan Assurance Review), Human Resources, Inspection and Audit, Investor Relations, Marketing, etc, who support the business line functions through back office processes and activities and their functioning does not have a revenue impact through business generation.
- (ii) The HR & Remuneration committee will oversee the framing, implementation and review of the Compensation Policy.
- (iii) Remuneration will be market linked for critical roles so as to attract and retain talent.
- (iv) In respect of WTDs / CEO / Risk Takers / Control function staff of the Bank, the compensation structure provides for a reasonable increase in fixed pay in line with the market benchmarks. Their individual increments are linked to annual performance rating and increment percentages at various performance rating levels, which will be decided on the basis of the financial performance of the Bank. Exceptions will be restricted to a select few high performers to reward performance, motivate and retain critical staff. The Bank also makes a distinction between Risk Takers and Risk Controllers and incorporates separate parameters on variable pay for these segments in its compensation policy.
- (v) The quantum of overall variable pay to be disbursed in a year would vary on the basis of the financial performance of the Bank measured through various parameters such as Net Interest Margin, Net Interest Income, Return on Assets, Profit After Tax and Return on Equity.
- (vi) Remuneration is linked to performance. Increments and variable pay are linked to the annual performance rating. Annual Performance Rating for an employee is arrived on the basis of tangible performance against pre-set Key Results Areas (KRAs) / measurable objectives set at the beginning of the financial year.
- (vii) The individual variable pay is linked to the annual performance rating, and based on variable pay grids outlining variable pay as a percentage of Annual Guaranteed cash at various rating bands for a grade level. Exceptional increments and variable pay may be paid to select high performers, but in no case they would violate the stipulated RBI guidelines.
- (viii) The individual variable pay would not exceed 70% of the fixed pay. Wherever variable pay exceeds a substantial portion of fixed pay as defined by the Bank, (currently defined at 65% of fixed pay), variable pay will be deferred over a period of 3 years in a ratio to be decided by management in accordance with RBI guidelines.

- (ix) The Bank will implement malus / claw-back arrangements with the concerned employees in case of deferred pay as defined above. Malus arrangement would lay down policies to adjust deferred remuneration before vesting and claw-back arrangement would lay down policies to adjust deferred remuneration after vesting. The criteria would be negative contributions to the bank and / or relevant line of business in any year.
- (x) The Compensation Policy does not provide for guaranteed bonus or sign on bonus in cash. Sign on bonus to be paid in form of pre-hiring ESOPs, will be very selective for critical hires.
- (xi) The Compensation Policy does not provide for severance pay for any employee.
- (xii) Retirement benefits in the form of Provident Fund and Gratuity are as per the Bank's HR policies which are in line with the statutory norms.
- (xiii) Perquisites are laid down in HR Policies of the Bank.
- (xiv) At present, the Bank uses cash based form of variable remuneration. The rationale is that cash based form of variable remuneration leads to an instant reward to the concerned employees and is also easy to administer.
- (xv) ESOPs do not form a part of the variable pay and are very selectively granted to attract and retain employees. ESOPs are not granted with a defined periodicity. ESOP grant criteria include grade of the employee, criticality of the position in terms of business contribution and market value of the position, and performance and behavioural track of the employee.

DF-2: Capital Adequacy**Applicable Regulations:**

Reserve Bank of India issued Guidelines based on the Basel III reforms on capital regulation on May 2012, to the extent applicable to banks operating in India. The Basel III capital regulation has been implemented from April 01, 2013 in India in phases and it will be fully implemented as on March 31, 2019. RBI issued detailed Guidelines on Composition of Capital Disclosure Requirements on May 28, 2013. The Basel III Capital Regulations have been consolidated in Master Circular – Basel III Capital Regulations vide circular No.DBOD.No.BP.BC.6/21.06.201/2014-15 dated July 1 2014.

Basel III Capital Regulations:

Basel III Capital regulations continue to be based on three-mutually reinforcing pillars, viz., minimum capital requirements, supervisory review of capital adequacy, and market discipline. This circular also prescribes the risk weights for the balance sheet assets, non-funded items and other off-balance sheet exposures and the minimum capital funds to be maintained as ratio to the aggregate of the risk weighted assets and other exposures, as also, capital requirements in the trading book, on an ongoing basis and operational risk.

These guidelines also incorporate instructions regarding the components of capital and capital charge required to be provided for by the banks for credit, market and operational risks. It deals with providing explicit capital charge for credit and market risk and addresses the issues involved in computing capital charges for interest rate related instruments in the trading book, equities in the trading book and foreign exchange risk (including gold and other precious metals) in both trading and banking books. Trading book for the purpose of these guidelines includes securities under the Held for Trading category, Available For Sale category, open gold position limits, open foreign exchange position limits, trading positions in derivatives, and derivatives entered into for hedging trading book exposures.

Basel III capital regulations are being implemented in India with effect from April 1, 2013. In order to ensure smooth migration to Basel III without aggravating any near term stress, appropriate transitional arrangements have been made. The transitional arrangements for capital ratios began as on April 01, 2013. However, the phasing out of non-Basel III compliant regulatory capital instruments began as on January 01, 2013. Capital ratios and deductions from Common Equity will be fully phased-in and implemented as on March 31, 2019.

Minimum capital requirements:

Under the Basel III Capital Regulations, Banks are required to maintain a minimum Pillar I Capital to Risk-weighted Assets Ratio (CRAR) of 9% on an on-going basis (other than capital conservation buffer and countercyclical capital buffer etc.). Besides the minimum capital requirements, Basel III also provides for creation of capital

conservation buffer (CCB). The CCB requirement kicks in from March 31, 2016 and is to be fully implemented by March 31, 2019. Over and above these requirements, Basel – III also mandates for maintenance of Counter-cyclical Capital Buffer (CCCB). The decision to maintain CCCB would be advised by RBI with a lead time.

Besides computing CRAR under the Pillar I requirement, the Bank also periodically undertakes stress testing in various risk areas to assess the impact of stressed scenario or plausible events on asset quality, liquidity, interest rate, derivatives and forex on its profitability and capital adequacy.

The assessment of future capital needs is effectively done based on the business projections, asset mix, operating environment, growth outlook, new business avenues, regulatory changes and risk and return profile of the business segments. The future capital requirement is assessed by taking cognizance of all the risk elements viz. Credit, Market and Operational risk and mapping these to the respective business segments.

The Summary of Capital requirements for Credit Risk, Market Risk and Operational Risk as on March 31, 2015, is mentioned below:

Risk Type	(₹ in million)
Capital requirements for Credit Risk	69,046
Portfolio Subject to Standardised approach	69,046

Organisation Structure:

Integrated Risk Management: Objectives and Organisation Structure

The Bank has established an Enterprise-wide Risk Management Department, independent of the Business segments, responsible for Bank-wide risk management covering Credit risk, Market risk (including ALM) and Operational risk. The Risk Management Department focuses on identification, measurement, monitoring and controlling of risks across various segments. The Bank has been progressively adopting the best International practices so as to continually reinforce its Risk Management functions.

Organisation Structure:

The set-up of Risk Management Department is hereunder:

Separate Committees, as specified below, are set up to manage and control various risks:

- Risk Management Committee (RMC)
- Credit Risk Management Committee (CRMC)
- Market Risk Management Committee (MRMC)
- Asset Liability Management Committee (ALCO)
- Operational Risk Management Committee (ORMC)

Bank has articulated various risk policies which specify the risks, controls and measurement techniques. The policies are framed keeping risk appetite as the central objective. Against this background, the Bank identifies a number of key risk components. For each of these components, the Bank determines a target that represents the Bank's perception of the component in question.

The risk policies are vetted by the sub-committees, viz. CRMC, MRMC, etc. and are put forth to RMC, which is a sub-committee of the Board. Upon vetting of the policies by RMC, the same is placed for the approval of the Board and implemented.

Bank has put in place a comprehensive policy on ICAAP, which presents a holistic view of the material risks faced, control environment, risk management processes, risk measurement techniques, capital adequacy and capital planning.

Policies are periodically reviewed and revised to address the changes in the economy / banking sector and Bank's risk profile. Monitoring of various risks is undertaken at periodic intervals and a report is submitted to Top Management / Board.

Credit Risk

The Bank manages credit risk comprehensively; both at Transaction level and at Portfolio level. Some of the major initiatives taken are listed below :

- Bank uses a robust Risk rating framework for evaluating credit risk of the borrowers. The Bank uses segment-specific rating models that are aligned to target segment of the borrowers.
- Risks on various counter-parties such as corporates, banks, are monitored through counter-party exposure limits, also governed by country risk exposure limits in case of international trades.
- The Bank manages risk at the portfolio level too, with portfolio level prudential exposure limits to mitigate concentration risk.
- The Bank has a well-diversified portfolio across various industries and segments, as illustrated by the following data.
 - ❑ Retail and schematic exposures (which provide wider diversification benefits) account for as much as 45 % of the total fund-based advances.
 - ❑ The Bank's corporate exposure is fully diversified over 85 industries, thus insulated/minimised from individual industry cycles.

The above initiatives support qualitative business growth while managing inherent risks within the risk appetite.

Market Risk

Key sources of Market risk are Liquidity Risk, Interest Rate Risk, Price Risk and Foreign Exchange Risk. The Bank has implemented a state-of-the-art Treasury system which supports robust risk management capabilities and facilitates Straight-through Processing.

Market Risk is effectively managed through comprehensive policy framework which provides various tools such as Mark-to-Market, Sensitivity analysis, Value-at-Risk, besides through operational limits such as stop-loss limits, exposure limits, deal-size limits, maturity ladder, etc.

Asset Liability Management (ALM)

The Bank's ALM system supports effective management of liquidity risk and interest rate risk, covering 100% of its assets and liabilities.

- Liquidity Risk is monitored through Structural Liquidity Gaps, Dynamic Liquidity position, Liquidity Ratios analysis and Behavioural analysis, with prudential limits for negative gaps in various time buckets.
- Interest Rate Sensitivity is monitored through prudential limits for Rate Sensitive Gaps and other risk parameters.
- Interest Rate Risk on the Investment portfolio is monitored through Modified Duration on a daily basis. Optimum risk is assumed through duration, to balance between risk containment and profit generation from market movements.

ALCO meetings were convened frequently during the financial year, wherein analytical presentations were made providing detailed analysis of liquidity position, interest rate risks, product mix, business growth v/s budgets, interest rate outlook, which helped to review the business strategies regularly and undertake new initiatives.

Operational risk

Operational risk is managed by addressing People risk, Process risk, Systems risk as well as risks arising out of external environment.

The Bank has efficient audit mechanism, involving periodical on-site audit, concurrent audits, on the spot and off-site surveillance enabled by the Bank's advanced technology and Core Banking System.

The Bank has constituted Fraud Risk Management Committee which is involved in root cause analysis and actions taken to mitigate frauds. A separate and independent KYC/AML cell has been in place to ensure compliance with respect to customer on-boarding and transaction monitoring as per the internal framework and regulatory guidelines of KYC/AML.

The Bank has implemented various Operational Risk management tools such as Risk Events reporting framework, Risk and Control Self-Assessment (RCSA) and Loss Data (Basel 8 * 7 matrix) collection including Near Miss Events. The Bank weighs each new Product and Process enhancements under Operational Risk Assessment Process (ORAP) framework.

The Bank has initiated the process of putting in place Operational Risk Management Framework, using sophisticated tools, such as:

- Key Risks Indicators
- Operational Risk Incident Reporting
- Score Cards (Branch and Corporate Functions)

The framework would help in mitigation of operational risks and optimization of capital requirement towards operational risks under Basel II norms.

Systems Risk

As part of Systems-related Operational Risk Management initiatives, the Bank has achieved the following :

- The Bank has formulated and implemented a comprehensive Business Continuity Plan (BCP) to ensure continuity of its critical business functions and extension of banking services to its customers.
- The Bank has Information Security Policy in place to ensure confidentiality, integrity and accessibility of all its information security assets.
- The Bank has established an effective Disaster Recovery site at a distant location, with on-line, real-time replication of data, both in Mumbai and Chennai.
- Comprehensive IT security framework has been put in place to ensure complete data security and integrity.
- The Bank has housed its data center in a professionally managed environment, with sophisticated and fool-proof security features and assured supply of utilities.

The robust Risk Management framework created in the Bank supports rapid and qualitative growth with optimization of risks and maximization of shareholder value.

DF-3: Credit Risk: General Disclosures

“Credit Risk” is defined as the probability / potential that the borrower or counter-party may fail to meet its obligations in accordance with agreed terms. It involves inability or unwillingness of a borrower or counter-party to meet commitments in relation to lending, trading, hedging, settlement and other financial transactions.

Credit Risk is made up of two components:

1. **Transaction Risk (or Default Risk)**, which represents the risk arising from individual credit exposures and
2. **Portfolio Risk**, which represents the risk inherent in the portfolio of credit assets (concentration of assets, correlation among portfolios, etc.).

Credit risk is found in a variety of transactions across the Bank's portfolio including not only loans, off balance sheet exposures, investments and financial guarantees, but also the risk of a counterparty in a derivative transaction becoming unable to meet its obligations. Credit risk constitutes the largest risk to which the Bank is exposed. The Bank has adequate system support which facilitates credit risk management and measurement across its portfolio. The system support is strengthened and expanded as and when new exposures are added to the Bank's portfolio.

The Bank has articulated comprehensive guidelines for managing credit risk as outlined in Credit Risk Policy and related Policies framework, Bank Risk Policy, Country Risk Policy, Loan Review Policy and Recovery Policy. The

credit risk management systems used at the Bank have been implemented in accordance with these guidelines and best market practices. The credit risk management process focuses on both specific transactions and on groups of specific exposures as portfolios.

The Bank's credit risk policy and related policies and systems focus are framed to achieve the following key objectives:

- Monitoring concentration risk in particular products, segments, geographies etc thereby avoiding concentration risk from excessive exposures to any particular products, segments, geographies etc.
- Assisting in building quality credit portfolio and balancing risks and returns in line with Bank's risk appetite
- Tracking Credit quality migration
- Determining how much capital to hold against each class of the assets
- Undertaking Stress testing to evaluate the credit portfolio strength
- To develop a greater ability to recognize and avoid potential problems
- Alignment of Risk Strategy with Business Strategy
- Adherence to regulatory guidelines

Credit Risk Management at specific transaction level

The central objective for managing credit risk at each transaction level is development of evaluation and monitoring system that covers the entire life cycle of the exposure, i.e. opportunity for transaction, assessing the credit risk, granting of credit, disbursement and subsequent monitoring, identifying the obligors with emerging credit problems, remedial action in event of credit quality deterioration and repayment or termination of the obligation.

The Credit Policies of the Bank stipulates for applicability of various norms for managing credit risk at a specific transaction level and more relevant to the target segment of the obligors. It covers all the types of obligors, viz. Corporate, SME, Trader and Schematic Loans such as Home Loan, Personal Loan, etc.

The major components of Credit Risk and related Policies are mentioned below:

- The transaction with the customer/ prospective customer is undertaken with an aim to build long term relationship.
- All the related internal and regulatory guidelines such as KYC norms, RBI prudential norms, etc. are adhered to while assessing the credit request of the borrower.
- The credit is granted with due diligence and detailed insight into the customer's circumstances and of specific assessments that provide a context for such credits.
- The facility is granted based on the customer's creditworthiness, capital base or assets to assure that the customer is able to substantiate the repayment. Due regard is also placed to the industry in which the customer is operating, the business specific risks and management capability and their risk appetite.
- Regular follow-up in the overall health of the borrower is undertaken to assess whether the basis of granting credit has changed.
- When loans and credits are granted to borrowers falling outside preferred credit rating, the Bank normally obtains sufficient collateral. However, collaterals are not the sole criterion for lending, which is generally done based on assessing the business viability of the borrower and the adequacy of the expected cash flows.
- The Bank has defined exposures limit on the basis of internal risk rating of the borrower.
- The Bank is particularly cautious when granting credits to businesses in affected or seasonal industries.
- In terms of Bank's country risk management, due caution is exercised when assuming risk in countries with an unstable economic or political scenario.

Beside the acceptability norms defined in the policies/manual for an individual transaction, Bank has also implemented various credit related product programmes which enables efficient appraisal, assessment, delivery, supervision and control of tailor made loan products targeted at specific customer segments. The customers covered under the Business Banking product programme are evaluated using a scoring/rating model developed based on the segment specific risk profile.

Consumer Finance Division appraises the loan application based on robust set criteria defined in the respective product programmes. Further as a mechanism to assess the credit quality, customers are also evaluated through application scoring models which are segment specific. Further, post disbursement, the quality of the account is tracked by means of a Behavioral score.

The customers under Credit Cards segment are evaluated by means of robust customer selection criteria that include variety of factors.

Bank has also put in place a detailed policy for portfolio acquisition which stipulates various criteria for asset selection including due diligence, transfer of risks and rewards of the underlying portfolio, credit enhancements, portfolio risk management and monitoring in accordance with RBI guidelines.

Credit Approval Committee

The Bank has put in place the principle of 'Committee' or 'Approval Grids' approach while according sanctions to the credit proposals. This provides for an unbiased, objective assessment/evaluation of credit proposals. Such Committees include atleast one official from an independent department, which has no volume or profits targets to achieve. The official of the independent department is a compulsory member of the Credit Committee and a dissent by such member cannot be overridden by others. The spirit of the credit approving system is that no credit proposals are approved or recommended to higher authorities unless all the members of the 'Committee' or 'Approval Grids' agree on the acceptability of the proposal in all respects. In case of disagreement the proposal is referred to next higher Committee whose decision to approve or decline with conditions is then final.

The following 'Approval Grids' are constituted:

► Corporate & Commercial Banking Segment :

- ☞ Zonal Credit Committee (ZCC)
- ☞ Corporate Office Credit Committee (COCC) – I
- ☞ Corporate Office Credit Committee (COCC) – II
- ☞ Executive Credit Committee (ECC)

► Consumer Banking (CB) Segment :

The scheme of delegation under Consumer Banking Segment includes Vehicle financing, personal loans, housing loans and other schematic loans under multi-tier Committee based approach as under:

- ☞ Branch Credit Committee – Consumer Banking (BCC – CB)
- ☞ Regional Credit Committee – Consumer Banking (RCC - CB)
- ☞ Corporate Office Credit Committee – Consumer Banking (COCC- CB I & II)
- ☞ Executive Credit Committee

The credit proposals which are beyond the delegated powers of ECC are placed to Committee of Directors (COD) or Board of Directors (BOD) for approval.

Risk Classification

The Bank monitors the overall health of its customers on an on-going basis to ensure that any weakening of a customer's earnings or liquidity is detected as early as possible. As part of the credit process, customers are classified according to the credit quality in terms of internal rating, and the classification is regularly updated on receipt of new information/changes in the factors affecting the position of the customer.

The Bank has operationalised the following risk rating/ scoring models depending on the target segment of the borrower:

- Large Corporate, Small & Medium Enterprises, NBFC
- Trading entities, Capital Market Broker and Commodity Exchange Broker
- Financial Institutions/Primary Dealers and Banks
- Retail customers (Schematic Loans) – who are assigned credit scoring

The customers under Business Banking segment are assessed for credit quality using a scoring/rating model. The score serves a measure to categorise the customers into various risk classes which are further calibrated to different risk grade. Bank has also implemented rating models for assessing the risk under Lease Rental Discounting and Warehouse Receipts Financing products.

Rating grades in each rating model, other than the segments driven by product programmes, is on a scale of 1 to 8, which are further categorised by assigning +/- modifiers to reflect the relative standing of the borrower within the specific risk grade. The model-specific rating grades are named distinctly. Each model-specific rating grade reflects the relative ratings of the borrowers under that particular segment. For instance, L4 indicates a superior risk profile of a Large Corporate, when compared to another Large Corporate rated L5.

In order to have a common risk yardstick across the Bank, these model specific ratings are mapped to common scale ratings which facilitate measurement of risk profile of different segments of borrower by means of common risk ladder.

The various purposes for which the rating/scoring models are used are mentioned hereunder:

- ☞ Portfolio Management
- ☞ Efficiency in lending decision
- ☞ To assess the quality of the borrower – single point reference of credit risk of the borrower
- ☞ Preferred rating norms for assuming exposures
- ☞ Prudential ceiling for single borrower exposures – linked to rating
- ☞ Frequency of review of exposures
- ☞ Frequency of internal auditing of exposures
- ☞ To measure the portfolio quality
- ☞ Target for quality of advances portfolio is monitored by way of Weighted Average Credit Rating (WACR).
- ☞ Pricing credit
- ☞ Capital allocation (under Basel II – IRB approaches)

Credit Quality Assurance:

Bank has also adopted Loan Review Mechanism (LRM), which involves independent assessment of the quality of an advance, effectiveness of loan administration, compliance with internal policies of bank and regulatory framework and portfolio quality. It also helps in tracking weaknesses developing in the account for initiating corrective measures in time. LRM is carried out by Credit Quality Assurance team, which is independent of Credit and Business functions.

Credit Risk Management at Portfolio level:

The accumulation of individual exposures leads to portfolio, which creates the possibility of concentration risk. The concentration risk, ideally on account of borrowers/ products with similar risk profile, may arise in various forms such as Single Borrower, Group of Borrowers, Sensitive Sector, Industry-wise Exposure, Unsecured Exposure, Rating wise Exposure, Off Balance sheet Exposure, Product wise Exposure, etc. The credit risk concentration is addressed by means of structural and prudential limits stipulated in the Credit Risk Policy and other related policies.

Concentration risk on account of exposures to counter-parties (both single borrower and group of borrowers), Industry-wise, Rating-wise, Product-wise, etc., is being monitored by Risk Management Dept (RMD). For this purpose, exposures in all business units, viz. branches, treasury, investment banking, etc., by way of all instruments (loans, equity/debt investments, derivative exposures, etc.) are being considered. Such monitoring is carried out at monthly intervals. Besides, respective business units are monitoring the exposure on continuous real-time basis.

The concentration risk is further evaluated in terms of statistical measures and benchmarks. Detail analysis of portfolio risk and control measures in place is carried out on a monthly basis on various parameters. Direction of risks and controls (decreasing, stable, and increasing) and resultant net risk is also done. Further, a comprehensive Stress Testing framework based on several factors and risk drivers assessing the impact of stressed scenario on Credit quality, its impact on Bank's profitability and capital adequacy is placed to Top Management /Board every quarter. The framework highlights the Bank's credit portfolio under 3 different levels of intensity across default, i.e. mild, medium and severe, and analyses its impact on the portfolio quality and solvency level.

Impaired credit - Non Performing Assets (NPAs):

The Bank has an independent Credit Administration Department that constantly monitors accounts for irregularities, identifies accounts for early warning signals for potential problems and identifies individual NPA accounts systematically.

Bank has also set up Financial Restructuring and Reconstruction (FRR) Dept for managing and monitoring defaulted accounts, carrying out restructuring, wherever feasible and following up for recoveries of dues.

The guidelines as laid down by RBI Master Circular No. DBOD.No.BP.BC.9/21.04.048/2014-15 dated July 1, 2014, on Asset classification, Income Recognition and Provisioning to Advances portfolio are followed while classifying Non-performing Assets (NPAs). The guidelines are as under:

- a) An asset, including a leased asset, becomes non-performing when it ceases to generate income for the bank
- b) A non performing asset (NPA) is a loan or an advance where;
 - i. interest and / or installment of principal remains overdue for a period of more than 90 days in respect of a term loan,
 - ii. the account remains 'out of order', in respect of an Overdraft / Cash Credit (OD/ CC),
 - iii. the bill remains overdue for a period of more than 90 days in the case of bills purchased and discounted,
 - iv. the installment of principal or interest thereon remains overdue for two crop seasons for short duration crops,
 - v. the installment of principal or interest thereon remains overdue for one crop season for long duration crops,
 - vi. the amount of liquidity facility remains outstanding for more than 90 days, in respect of a securitisation transaction undertaken in terms of RBI guidelines on Securitisation dated February 1, 2006.
 - vii. in respect of derivative transactions, the overdue receivables representing positive mark-to-market value of a derivative contract, if these remain unpaid for a period of 90 days from the specified due date for payment.

Out of Order status: An account should be treated as 'out of order' if the outstanding balance remains continuously in excess of the sanctioned limit / drawing power. In cases where the outstanding balance in the principal operating account is less than the sanctioned limit / drawing power, but there are no credits continuously for 90 days as on the

date of Balance Sheet or credits are not enough to cover the interest debited during the same period, these accounts should be treated as 'out of order'.

Overdue: Any amount due to the bank under any credit facility is 'overdue' if it is not paid on the due date fixed by the bank.

DF-4: Credit risk: Disclosures for Portfolios Subject to the Standardised Approach

As per the Basel II guidelines on Standardised approach, the risk weight on certain categories of domestic counter parties is determined based on the external rating assigned by any one of the accredited rating agencies, i.e. CRISIL, ICRA, CARE, India Rating Pvt. Ltd, Brickworks Ratings India Pvt. Ltd and SMERA. For Foreign counterparties and banks, rating assigned by S&P, Moody's and Fitch are used.

The Bank computes risk weight on the basis of external rating assigned, both Long Term and Short Term, for the facilities availed by the borrower. The external ratings assigned are generally facility specific. The Bank follow below mentioned procedures as laid down in the Basel II guidelines for usage of external ratings:

- Ratings assigned by one rating agency are used for all the types of claims on the borrowing entity.
- Long term ratings are used for facilities with contractual maturity of one year & above. Short term ratings are generally applied for facilities with contractual maturity of less than one year.
- If either the short term or long term ratings attracts 150% risk weight on any of the claims on the borrower, the Bank assigns uniform risk weight of 150% on all the unrated claims, both short term and long term unless the exposure is subjected to credit risk mitigation.
- In case of multiple ratings, if there are two ratings assigned to the facility that maps to different risk weights, the rating that maps to higher risk weight is used. In case of three or more ratings, the ratings corresponding to the two lowest risk weights is referred to and the higher of those two risk weights is be applied. i.e., the second lowest risk weight.
- For securitized and guaranteed transactions, SO ratings assigned by the rating agency are applied for arriving at the risk weights.

DF-5: Credit risk mitigation: Disclosures for standardised approach

The Bank mitigates credit exposure with eligible collaterals and guarantees to reduce the credit risk of obligors as stipulated under Basel II. In principle with mitigating credit risk, Bank has put in place a comprehensive policy on Credit Risk Mitigants and Collaterals for recognizing the eligible collaterals and guarantors for netting

the exposures and reducing the credit risk of obligors. Basic procedures and descriptions of controls as well as types of standard/acceptable collaterals, guarantees necessary in granting credit, evaluation methods for different types of credit and collateral, applicable “haircuts” to collateral, frequency of revaluation and release of collateral are stipulated in the Bank’s credit policy, policy on collateral management and credit risk mitigant policy. The Bank uses net exposure for capital calculations after taking cognizance of eligible financial collaterals. All collaterals and guarantees are recorded and the details are linked to individual accounts. Perfection of security interest, date, currency and correlation between collateral and counterparty are also considered.

As lending is subject to default risk, Bank accepts collateral securities to minimize the impact of loss and consequently reducing the credit risk. The type of collaterals is determined based on the nature of facility, product type, counter party risk and its credit quality. However, as explained earlier, collateral is not the sole criteria for granting credit. For Corporate and SME clients, working capital facility is generally secured by charge on current assets and Term loan is secured by charge on fixed assets. In case of project financing, Bank generally stipulates escrow of receivables/project cash flows along with the charge on underlying project assets. The credit risk policy clearly defines the types of secondary securities and minimum percentage in relation to the total exposures that is required to be obtained in case of credit granted to obligors falling outside the preferred rating grade. Credit facilities are also granted against the security of assets such as cash deposits, NSC, guarantee, mortgages, pledge of shares and commodities, bank guarantees, accepted bills of exchange, assignment of receivables etc. The credit facilities, in terms of risk policies, are secured by secondary collaterals such as cash deposits, NSC, guarantee, mortgages, fixed assets etc. Bank also grants unsecured credit to the borrowers with high standing and low credit risk profile. Customers under Credit card programme are assessed by means of comprehensive customer selection parameters.

For Business Banking clients, who are driven by product programmes and templated scoring models, the facilities are ordinarily secured by adequate collaterals. The programmes have a robust mechanism for collateral acceptance, valuation and monitoring.

In case of schematic products such as Home Loan, LAP, Auto Loan, etc., Loan to value ratio, margin and valuation/revaluation of collaterals is defined in the respective product programme. The valuation is generally carried out by the empanelled valuer of the Bank. Bank has also put in place approved product paper on loan against warehouse receipts, shares and other securities. The margin, valuation and revaluation of the assets are specified in the product note.

The credit approving authorities also decides on the type and amount of collaterals for each type of facility on a case-to-case basis. For schematic loans and facilities offered under product programme, securities are obtained as defined in the product notes.

Eligible financial asset collateral and guarantor

For the purpose of credit risk mitigation, i.e. offsetting the amount of collateral/ basket of collaterals against the individual/ pool of exposures to which the collaterals are assigned, financial asset collateral types are defined by the Bank as per the Capital Adequacy Framework to include Fixed deposits, KVP, IVP, NSC, Life Insurance Policies, Gold, Securities issued by Central and State Governments and units of Mutual Fund. On a similar note, the eligible guarantors are classified into the following categories:

- ▶ Sovereigns, Sovereign entities, Banks and Primary Dealers with lower risk weights than the counterparty
- ▶ Other entities including guarantee cover provided by parent, subsidiary and affiliate companies when they have lower risk weight than the obligor.

DF-6: Securitisation Exposures: Disclosure for standardised approach

Securitisation "means a process by which a single performing asset or a pool of performing assets are sold to a bankruptcy remote Special Purpose Vehicle (SPV) and transferred from the balance sheet of the originator to the SPV in return for an immediate cash payment.

SPV" means any company, trust, or other entity constituted or established for a specific purpose - (a) activities of which are limited to those for accomplishing the purpose of the company, trust or other entity as the case may be; and (b) which is structured in a manner intended to isolate the corporation, trust or entity as the case may be, from the credit risk of an originator to make it bankruptcy remote.

Bank had neither originated any securitization transactions by way of sale of securitised assets, nor retained any exposure on such assets, actual conditional, or contingent, during the year ended March 31, 2015.

The Bank, in the past, had carried out securitization transaction and such deals were done on the basis of 'True Sale', which provides 100% protection to the Bank from the default in case of assets originated by it. All risks in the securitised portfolio were transferred to the Special Purpose Vehicle (SPV). Post-securitisation, Bank continued to service the loans transferred under securitization. Bank had also provided for credit enhancements in the form of cash collaterals to a minimum extent.

The Bank, in the past, had securitized its assets with the objectives of managing its funding requirements, improving liquidity, reducing credit risk and diversifying the portfolio risk, managing interest rate risk, and capital adequacy. The Bank has not securitised any of its portfolios for the past 8 years.

Apart from managing credit risk, Bank also considers different types of risks viz. interest rate risk and liquidity risk for the retained assets or acquired portfolio and ensure its adequate assessment and mechanism for mitigating the same. The securitized portfolio, both the retained part and acquired assets are monitored regularly in terms of various risk parameters such as repayment, cash flows to service the interest, principal and other charges, counterparty risk, servicer's capability, underlying asset risk profile and interest rate risk.

Exposure details on account of securitization transactions

DF-7: Market risk in Trading book

Market Risk may be defined as the possibility of loss to a bank caused by changes in the market variables. The market risk for the Bank is governed by the Market Risk Policy and Funds and Investment policy which are approved by the Board. These policies serve to outline the Bank's risk appetite and risk philosophy in respect of Treasury / Forex / Equity / Derivatives / Bullion operations, and the controls that are considered essential for the management of market risks. The policies are reviewed periodically to update it with changed business requirements, economic environment and revised regulatory guidelines.

Sources of market risk:

Market risks arise from the following risk factors:

- ▶ Price risk for bonds, forex, equities and bullion
- ▶ Interest rate risk for investments, derivatives, etc.
- ▶ Exchange rate risk for currencies; and
- ▶ Trading / liquidity risk.

Objectives of Market risk management:

The broad objectives of Market Risk management are:

- ▶ Management of interest rate risk and currency risk of the trading portfolio.
- ▶ Adequate control and suitable reporting of investments, Forex, Equity and Derivative portfolios
- ▶ Compliance with regulatory and internal guidelines.
- ▶ Monitoring and Control of transactions of market related instruments.

Scope and nature of risk reporting and measurement systems:

Reporting

The Bank reports on the various investments, Foreign exchange positions and derivatives position with their related risk measures to the top management and the committees of the Board on a periodic basis. The Bank periodically reports the related positions to the regulators in compliance with regulatory requirements.

Measurement

The Bank monitoring its risks through risk management tools and techniques such as are Value-at-Risk, Modified Duration, PV01, Stop Loss, amongst others. Based on the risk appetite of the Bank, various risk limits are placed which is monitored on a daily basis.

Capital requirements for Market risks @ 9%

(₹ in millions)

Market Risk elements	Amount of capital required
Interest Rate Risk	3,326
Foreign Exchange Risk (including gold)	270
Equity Risk	324

DF-8: Operational Risk

The Bank has framed Operational Risk Management Policy duly approved by the board. Other policies adopted by the Board that deals with management of operational risk are (a) Information System Security Policy (b) Policy on Know Your Customer (KYC) and Anti Money Laundering Policy (AML) process (c) IT business continuity and Disaster Recovery Plan and (d) Business Continuity Plan (BCP) (e) New Product Programme Policy (f) A framework for Risk and Control Self Assessment (RCSA) and (g) Risk Event Reporting Framework.

The Operational Risk Management Policy adopted by the bank outlines organization structure and detail process for management of Operational Risk. The basic objective of the policy is to closely integrate operational Management

system to risk management processes of the Bank by clearly assigning roles for effectively identifying, assessing, monitoring and controlling / mitigating operational risk exposures, including material operational losses. Operational risks in the Bank are managed through comprehensive and well-articulated internal control frameworks. The Bank has completed the process of capturing, reporting and assessing risk events at the process level using RCSA framework.

DF-9: Interest rate risk in the banking book (IRRBB)

Interest Rate Risk is the risk of loss in the Bank's net income and net equity value arising out of a change in level of interest rates and / or their implied volatility. Interest rate risk arises from holding assets and liabilities with different principal amounts, maturity dates and re-pricing dates. The Bank holds assets, liabilities and off balance sheet items across various markets with different maturity or re-pricing dates and linked to different benchmark rates, thus creating exposure to unexpected changes in the level of interest rates in such markets. Interest rate risk in the banking book refers to the risk associated with interest rate sensitive instruments that are not held in the trading book of the Bank.

Risk management framework

The Board of the Bank has overall responsibility for management of risks and it decides the risk management policy of the Bank and set limits for liquidity, interest rate, foreign exchange and equity price risks. The Asset Liability Management Committee (ALCO) consisting of Bank's senior management including Managing Director is responsible for ensuring adherence to the limits set by the Board as well as for deciding the business strategy of the Bank (for the assets and liabilities) in line with the Bank's budget and decided risk management objectives. ALCO decides strategies and specifies prudential limits for management of interest rate risk in the banking book within the broad parameters laid down by Board of Directors. These limits are monitored periodically and the breaches, if any, are reported to ALCO.

Monitoring and Control

The Board of Directors has approved the Asset-Liability Management policy. The policy is intended to be flexible to deal with rapidly changing conditions; any variations from policy should be reported to the Board of Directors with recommendations and approval from the ALCO.

The Bank has put in place a mechanism for regular computation and monitoring of prudential limits and ratios for liquidity and interest rate risk management. The Bank uses its system capability for limits and ratio monitoring. The ALCO support group generates periodic reports for reporting these to ALCO and senior management of the Bank. The ALM support group carries out various analyses related to assets and liabilities, forecast financial market outlook, compute liquidity ratios and interest rate risk values based on the earnings and economic value perspective.

Risk measurement and reporting framework:

The estimation of interest rate risk involves interest rate sensitive assets (RSAs) and interest rate sensitive liabilities (RSLs).

The techniques for managing interest rate risk include:

- ▶ Interest rate sensitivity gap Analysis
- ▶ Earning at Risk Analysis
- ▶ Stress Testing

Interest rate sensitivity gap: The gap or mismatch risk as at a given date, is measured by calculating gaps over different time intervals. Gap analysis measures mismatches between rate sensitive liabilities (RSL) and rate sensitive assets (RSA) (including off-balance sheet positions). The report is prepared by grouping liabilities, assets and off-balance sheet positions into time buckets according to residual maturity or next re-pricing period, whichever is earlier. The difference between RSA and RSL for each time bucket signifies the gap in that time bucket. The gap report provides a good framework for determining the earnings impact.

Earning at Risk: Any change in interest rate would impact Bank's net interest income (NII) and the value of its fixed income portfolio (price risk). The interest rate risk is measured by EaR that is the sensitivity of the NII to a 100 basis points adverse change in the level of interest rates.

Stress Testing: The Bank measures the impact on net interest margin (NIM) / EaR after taking into account various possible movement in interest rates across tenor and their impact on the earnings and economic value of the Bank is calculated for each of these scenarios. These reports are prepared on a monthly basis for measurement of interest rate risk

With an upward rate shock of 1% across the curve, as per Rate Sensitive Gaps in INR as on 31.03.2015, the earning shows a decline of ₹ 108 million.

The impact of change in interest rate by 100 bps and 50 bps has been computed on open positions (as on March 31, 2015) and shown hereunder against the respective currencies.

DF-10: General Disclosures for Exposures Related to Counterparty Credit Risk

Counterparty Credit Risk (CCR) is the risk that the counterparty to a transaction could default before the final settlement of the transaction's cash flows. An economic loss would occur if the transactions or portfolio of transactions with the counterparty has a positive economic value for the Bank at the time of default. Unlike exposure to credit risk through a loan, where the exposure to credit risk is unilateral and only the lending bank faces the risk of loss, CCR creates a bilateral risk of loss whereby the market value for many different types of transactions can be positive or negative to either counterparty. The market value is uncertain and can vary over time with the movement of underlying market factors.

Capital is allocated to CCR exposures taking into consideration the regulatory guidelines on Basel – III capital adequacy computation

Counterparty credit risk is managed and controlled through variety of risk policies and monitoring procedures including, but not limited, to the following:

- Credit Risk Policy
- Bank Risk Policy
- Derivatives Policy and
- Country Risk Policy

It is possible for the counterparty's credit quality to be co-dependent with the level of exposure. This effect is called wrong-way risk if the exposure tends to increase when the counterparty credit quality gets worse. Wrong way risk is controlled through policies that manage industry, country and individual counterparty concentrations.
